

**Penn State Quality Assurance e-Learning Design Standards**  
Instructor Input Worksheet

The Penn State Quality Assurance e-Learning Design Standards are intended to provide a measure of quality assurance for online courses in order to serve the e-learning needs of Penn State students. These standards are directed to departments and colleges that wish to share online courses with other campuses or with students external to a Penn State geographic location via Penn State's World Campus or e-Learning Cooperative.

This worksheet represents the self-reporting component of the peer course review process. It is designed for the Course Faculty Developer to provide additional information about the course that will assist the Peer Course Review Team.
