HOMOSEXUAL ACTIVITIES IN SAN FRANCISCO

On 2/20/57, FBI was interviewed by

SA and furnished the following information

concerning the Mattachine Organization.

The informant advised that information received from various

members of the Mattachine Organization is as follows:

They are going to move the headquarters to San Francisco

and that they will expand activities of the male and female queer

sections, because of their sanctuary here in San Francisco as

a bohemian city. They had announced that as of 2/1/57, two

additional offices have been added to their office facilities

at 693 Mission Street, the Williams Building, which gave them

four or more rooms. The room numbers are 307, 308, 309 and 312.

The informant stated that the Publishing Department will

operate under "The Pen - Graphic Press" at the above address.

The telephone number for this organization is Exbrook 7-0773.

The informant stated that the Daughters of the Bilitis,

which is a companion organization of the Mattachine Organization,

will also operate on a more definite status and a list of the

members is being compiled at this time.

The informant advised he understood they are renting rooms,

and recreational facilities are apparently going to be provided

by the above clubs.

The informant advised the following notice appeared in the

bulletin of the Mattachine Organization: "During February

permanent files of the Board of Directors are to be moved to

San Francisco from Los Angeles. Early in the month new bank

accounts for the Board are also to be established in San

Francisco."

The informant advised he would continue to be on the alert

for any information concerning the activities of this organization

and he is endeavoring to obtain a membership list of both

the Daughters of Bilitis and The Mattachine, and make it

available to the writer.
