 SUBJECT: MATTACHINE FOUNDATION, INC.
             IS (C)

Furnished the following information:

Received in the mail the two attached leaflets from the
MATTACHINE FOUNDATION, INC., PO Box 851, Oakland 4. It is noted the
leaflets describe this organization as one which seeks equal rights
and recognition for the 150,000 homosexuals in the SF Bay Area.

Did not know how she came to receive this in the mail, but
she said she knew a homosexual named

He never expressed any pro-Russian or Communist sympathies, to her knowledge.

Suspected the Mattachine Foundation may be a fertile field
for Communist activity, but she had no specific indications of such.

EDUCATION

1. Education of the general public so as to give them a better understanding concerning homosexuality and sex variation, so that all persons may be accepted as individuals for their own worth and not blindly condemned for their emotional make-up; to correct general misconceptions, bigotries, and prejudices resulting from lack of accurate information regarding sex variants.

2. Education of the homosexuals themselves so that they may better understand not only the causes and conditions of homosexuality, but formulate an adjustment and pattern of behavior that is acceptable to society in general and compatible with recognized institutions of moral and civilized society with respect for the sanctity of home, church and state.

INTERGRATION

1. Since homosexuals desire acceptance in society it behooves them to assume community responsibility. They should, as individuals, actively affiliate with community endeavors, such as civic and welfare organizations, religious activities, and citizenship responsibilities, instead of attempting to withdraw into an invert society of their own. For only as they make positive contributions to the general welfare can they expect acceptance and full assimilation into the communities in which they live.

2. The long-term aim is not only to support well-adjusted homosexuals with full integration into society, but to give special aid to maladjusted homosexuals for their own welfare as well as that of the community.

SOCIAL ACTION:

1. To secure the active cooperation and support of existing institutions such as psychology departments of universities, state and city welfare groups, mental hygiene departments, and law-enforcement agencies in pursuing the programs of education and integration.

2. To contact legislators regarding both existing discriminatory statutes and proposed revisions and additions to the criminal code in keeping with the findings of leading psychiatrists and scientific research organizations, so that laws may be promulgated with respect to a realistic attitude toward the behavior of human beings.

3. To eliminate widespread discrimination in the fields of employment, in the professions and in society, as well as to attain personal social acceptance among the respectable members of any community.

4. To dispel the idea that the sex variant is unique, "queer" or unusual but is instead a human being with the same capacities of feeling, thinking and accomplishment as any other human being.

MORALS SITUATION DRAWS ATTENTION
OF SAN FRANCISCO POLICE, PRESS

San Francisco police focused their attention upon what they called an "unsightly and offensive condition" late June 26, according to the San Francisco Examiner edition of Sunday, June 27.

With police and district attorney's offices acting in full cooperation, the sex detail of vice squad and uniformed officers swept through parks, public rest rooms, and places where homosexuals were known to gather. Ten persons were arrested and charged with morals offenses. Many others, stated, the newspaper, were questioned. Warnings were given that authorities in San Francisco have no intention of letting the city become a retreat for sex deviates.

Police Chief Michael Gaffey and District Attorney Thomas C. Lynch issued statements that the drive will continue, until the intolerable situation has been removed.

The drive began in early evening hours and continued into early Sunday morning. Visited by police were Union Square, Lafayette and Huntington parks, lower Market street, the Marina, several bars and

GAMMA CHAPTER CHERUB HOPES
TO REVIVE BREAKFAST EVENTS

The possibility of reviving the twice-monthly breakfasts for members and friends of the Society was voiced recently by the Gamma chapter chairman.

This chapter will be in charge of the events.

No breakfast can be held until about the middle of July, but a notice of the affair will be mailed when a definite date is known.

hotels.
Offenses noted included loud and indecent conduct in public.
The Examiner stated that the police department reported that 14.7% of the murders committed in San Francisco since 1950 have been committed directly with homosexuality. Shackdongs and homosexuality are also inseparable, police say.

"Another consideration behind the move was the constant threat to the youth of the city," stated the Examiner. "It is the habit of many deviates to hang around schools, parks and playgrounds and other places where children gather...ever present is the right of the normal citizen to be protected from such persons."

MAY CONVENTION AT SAN FRANCISCO CALLED SUCCESSFUL BY DELEGATES

The 1st annual convention of the Nattachino Society, held at San Francisco in May, concluded with many organizational problems solved, policies adopted, projects planned, and officers elected for a new 12-month period.

A pledge was adopted for members. Several changes to constitution and by-laws were adopted. The plan for a Society magazine was announced, and previous information and orientation material was adopted as official with minor revisions.

Newly-established areas in Chicago, San Diego and Long Beach were approved.

Meetings were held May 15-16 at the center of the American Friends Service Committee, 1030 Sutter street, San Francisco.

No city was chosen for the 1955 convention, but it is probable that it will be held in either San Francisco or Los Angeles. The six-month meeting plan was terminated in favor of one single annual convention in the future.

were not answered, and the entire script was given prior approval by the F.T.A. at Los Angeles. But in the main, viewers learned that here is an organization almost a match for medical and law enforcement agencies which recognizes that a solution to a community problem is imperative. And that solution must be equitable and just.

Scenes from a Los Angeles discussion group were shown. One member of the Society, the secretary, appeared on the show for a live interview with Coates. Also on the program were the head of the administrative vice squad of the Los Angeles police department and others.

Contrary to rumor heard in the San Francisco area immediately following the broadcast, no stand by the Society was taken or implied as regards the operation of businesses such as public bars. It has been a habitual Society policy in the past to make no statement regarding such private business operations, because they are outside the scope of the Society as defined by its aims and principles.

One magazine was also described and shown on the program. In the beginning, it was said that Coates had hoped to find material about the Society to present it in a critical--even derogatory--manner. But his investigation of our published information leaflets, regulation, aims and principles revealed no such material which he could interpret except that the organization was bona fide and proper, its objectives worthwhile and its methods legal and fair.

THE MATTACHINE PROGRAM

Recent events and public relations contacts made by the Society warrant the placing of emphasis upon exactly what the Mattachine Society stands for and why.

There's nothing secret about the organization. It is neither subversive nor illegal. The Society is composed of a small group of persons interested in helping to solve the problem of the sex variant. These persons, who are not necessarily variants themselves, are interested in doing research, education and conducting social action for the benefit of the variant minority and in turn, for the benefit of society as a whole.

Here are the activities now being undertaken to advance this program:

1. Public discussion groups, lectures, forums, educational film programs, etc., on the sex variation problem.
2. Sponsorship of research projects in cooperation with established research experts, scientists, foundations and institution.
3. The Society is stressing the need for every individual to define and adopt a personal behavior code, which if done will eliminate barriers of acceptance and integration into society as a whole; further, the Society advocates that integration must be approached with a view to erasing trends for variants to establish invert societies of their own.
4. In its social action program, the Society hopes to aid in the revision of statutes which regulate human behavior with a view to strongly supporting enforcement of laws which forbid (a) indecent and lewd activities in public; (b) sex activities between adults and minors, especially small children, and (c) use of force or violence between any individuals whatsoever. This program is to be accomplished along lines of cooperation with law enforcement agencies, officials, social welfare agencies and other organizations and individuals concerned with such problems.
5. The Society hopes to dispel false ideas about the sex variant in order to eliminate discrimination, derision, prejudice and denial of civil rights. This is to be done by the dissemination of accurate information about human behavior.
6. It hopes to instill in the minority itself a desire to assume full responsibilities of citizenship and proper behavior.
7. It hopes to provide legal aid where appropriate to insure all persons full rights to equal justice under the law, especially as related to sex offenses. In this connection, the Society hopes to lend its aid in exposing cases of extortion to proper authorities.
8. The Society finally hopes to eventually provide group therapy programs and professional psychiatric assistance to aid the rehabilitation and adjustment of variants and others with problems of emotional instability. This is to be done with a view to reducing the high incidence of sex variation in future generations, and removing from criminal definition those activities which, in the minds of experts, actually cause no harm to our social order.

* * * * *

From its "Lims and Principles," the Society has emphasized the method and attitude to be used in accomplishing the above program. In general, it is determined to accomplish this program in a law-abiding manner, since the organization is definitely not seeking to destroy any of society's existing institutions, laws or mores. Instead the Society aims to aid the assimilation of variants as constructive, valuable and responsible citizens. Standard and accepted democratic processes are to be relied upon as the technique for accomplishing this program.

The Mattachine Society advocates no illegal activities whatever. It is opposed to indecent public behavior, and particularly excoriates those who would contribute to the delinquency of minors and those who attempt to use force or violence upon any other persons. Although the organization is non-sectarian and non-political, it is unalterably opposed to Communism, and will not tolerate the use of its name or organization by or for any Communist group or front for any purpose whatever.
SEX OFFENDER STUDY AT LOS ANGELES

A psychological survey of a group of sex offenders conducted by James Marsh, instructor in the department of psychiatry, School of Medicine, University of California at Los Angeles, indicates that, contrary to general belief, the typical sex offender is not a violent maniac but a shy, religiously inclined individual.

The survey, which was made at the Metropolitan State Hospital at Norwalk, Calif., showed that sex offenders, in comparison to a group of students, tend to shy away from group activities and dislike parties. Many are unusually fearful of lightning and earthquakes and are apprehensive in the dark.

In general, they have a strong moral sense and pray frequently. They dislike obscene stories and burlesque shows. They do not believe in women smoking and think "drinking" is wrong, although most have used alcohol excessively.

The key to their difficulties seems to lie in unfortunate family relationships, with childhoods marked by broken homes or consistent family discord. Many have never married and a majority of those who did marry have had extreme marital difficulties.--Bulletin, University of California at Los Angeles.

(Note: In another extensive series of tests, the Hattache Society, Inc., has cooperated with Dr. Marsh and his staff. The tests were begun in the fall of 1953, and no findings have been released.)

DETROIT CHAPTER CHARTERED BY BOARD OF DIRECTORS

A new chapter of the Society has been chartered at Detroit, Mich. The chapter name chosen by the group there is ATRAS, and its number is 119.

VISIT TO SAN DIEGO HAYE BY BOARD MEMBERS

Several members of the Board of Directors of the Society were scheduled to visit members of the San Diego Chapter on June 25. Purpose of the visit was to aid the chapter in solving organizational problems and to institute a program of activities for the members.

MAY ISSUE EXTEND SCHEDULE--NO MAY ISSUE YET

One magazine, published by One, Inc., and having no connection with the Society, has still to issue its May number. June also not forthcoming as yet. There is a possibility of the publication issuing two editions simultaneously, each in a reduced number of pages, in order to "catch up" with the calendar, since July is also upon its staff. The magazine, which at the beginning of the year criticized the Society bitterly for its "do nothing" attitude, has offered no explanation to its subscribers for the delays. The April issue, which came out in mid-May, featured an attack on "Mr." Arthur C. Meighan, a writer for MacFadden Publications, who often had attacked homosexuals in articles. One's article showed that the writer had no medical degree. The magazine advocates a program similar to that of the Society, but the area of difference between One and the Society lies in the matter of method. The magazine chooses to be activist and militant, while the Society has adopted policies of aiding research, cooperating with various public agencies, and attempting to educate members of the variant minority and the public alike on true aspects of sex variation and human behavior.

PUBLIC RELATIONS CONTACTS ADVANCING IN SAN FRANCISCO AREA

Recent public relations contacts in the San Francisco area have included an interview by staff members of a San Francisco newspaper, and a contact with a Bay area radio station. However, there is no further definite announcement of plans for any articles or broadcasts about the Society at this time. Reports of the contacts have been submitted to the Public Relations Director at Long Beach.

Sex Deviate Ring Here

U.S. Probes Link To Dope Use

By ERNEST LENN

San Francisco has one of the largest memberships in a nationwide organization of sexual deviates suspected of being a big factor in juvenile delinquency and drug addiction, it was charged yesterday.

The assertion was made by a spokesman for a United States Senate subcommittee investigating juvenile delinquency, which will hold hearings here October 4 and 5.

He discussed details of the sexual deviate phase of the investigation as the subcommittee arrived preparatory to opening hearings there in Los Angeles.

Use of Drugs

The organization under investigation has its largest membership in Los Angeles and the San Francisco-Oakland areas, the subcommittee spokesman said.

He stated that subcommittee investigators have evidence which shows sex deviates have used drugs, including barbiturates and benzedrine, to make youngsters in the 14-16 age group more pliable.

"From our hearings in Los Angeles next week, into this nationwide organization, we hope to develop leads into San Francisco," the spokesman said.

The group, which opens its West Coast hearing in San Diego today, is headed by Senator Hendrickson, Republican of New Jersey.

Paid on Bar

The link between sex deviates and juveniles was graphically exposed here recently when the police raided Tommy's Place, a North Beach bar described as a narcotics source and sex "thrill" spot for teenage girls.

for some time interested Attorney General Edmund G. Brown's office.

Harold G. Robinson, chief criminal investigator for Brown, said:

"We have been aware of the organization, and have been assembling material on it.

"We didn't know that it was supposed to be a big factor in juvenile delinquency and drug addiction, however.

"The group publishes a magazine. If the organization becomes powerful, imagine what a lobbying effort it could make, regarding sex laws."

ARTY' MAGAZINE.

District Attorney Thomas C. Lynch said he had heard of the organization, but that it has never come under investigation by his office. He added:

"I've seen a copy of the magazine it puts out. It was very arty, and there was nothing lewd in it."

Meanwhile, The Examiner learned that the county grand jury will start calling witnesses next week in its investigation into the sexual deviate problem here.

The inquiry was announced by Dr. Charles Ertola, jury foreman, after the smashing of the narcotics and sex "thrill" ring which had ensnared teenage girls.

POLICEMEN CALLED.

Doctor Ertola said that two members of the police sex detail, Inspectors James Gallagher and Frank Murphy, are being invited to appear at the next meeting of the grand jury, scheduled for next Tuesday night.

"We want to learn, first, how the police have been treating the sexual deviate problem," said Doctor Ertola.

"We want to know how aggressive the police are in coping with it—and if they're not aggressive, why aren't they?"

A lackadaisical police "drive on sexual deviates" started late last June, then fizzled out. After the Tommy's Place raid, Chief Michael Gaffey ordered the drive renewed.

"A few arrests were made," Gaffey said yesterday. "But my men tell me that the sexual deviates have been frightened away from their usual haunts, because of the Tommy's Place raid."

Chief Gaffey said that, contrary to the senate committee's spokesman, there was no organization of sexual deviates here.

HOMOSEXUAL ACTIVITIES IN SAN FRANCISCO

The informant furnished the following information concerning the Mattachine Organization.

The informant advised that information received from various members of the Mattachine Organization is as follows:

They are going to move the headquarters to San Francisco and that they will expand activities of the male and female queer sections, because of their sanctuary here in San Francisco as a bohemian city. They had announced that as of 2/1/57, two additional offices have been added to their office facilities at 693 Mission Street, the Williams Building, which gave them four or more rooms. The room numbers are 307, 308, 309 and 312.

The informant stated that the Daughters of the Bilitis, which is a companion organization of the Mattachine Organization, will also operate on a more definite status.

The informant advised the following notice appeared in the bulletin of the Mattachine Organization: "During February permanent files of the Board of Directors are to be moved to San Francisco from Los Angeles. Early in the month new bank accounts for the Board are also to be established in San Francisco."

The informant advised he would continue to be on the alert for any information concerning the activities of this organization.

Wolden Sued for Slander

Assessor Russell Wolden was slapped with a $1,103-500 slander suit yesterday by the Mattlechine Society, which said he called it an organization of “sex deviates.”

The Society, whose local headquarters are at 693 Mission street, said it was mentioned on radio and in the press by Wolden during one of his campaign speeches.

The suit said Wolden wrongfully and maliciously declared (the Society) was organized homosexuals and exposed teen-agers to contact with homosexuals.

Wolden’s remarks were made Wednesday in a radio attack on Mayor George Christopher, his opponent in the race for Mayor.

The complaint maintains the society is an educational, research and social service organization devoted to publicizing the problems of homosexuality and to helping individuals “with this tremendous social problem.”

Meetings are held and literature distributed among the 3 San Francisco members who meet once a month.

Citizens’ Group Snubs Advisers, Backs Wolden

The Citizens’ Political Advisory Board, rejecting the recommendation of its Board of Directors, endorsed Assessor Russell L. Wolden for Mayor last night.

Wolden received 193 votes to 143 for Mayor George Christopher, according to President Allen Spivock.

The non-partisan organization overruled a recommendation by its Board of Directors that Christopher be supported.

The group voted for six incumbent San Francisco Supervisors and all three local bond issues.

who filed the suit in Superior Court called Wolden’s alleged words “disgusting.” He said the Society wants $1 million in exemplary damages, $100,000 in general damages and $3500 for loss of income itues and donations which will result.

Aide Charged With Faking Material

By ED MONTGOMERY

William Brandhove, sometime police informer, merchant seaman and lesser political light, was identified yesterday as the key man in setting up a smear campaign by the forces of Assessor Russell L. Wolden against Mayor George Christopher.

Brandhove, it developed, was responsible for a resolution adopted last month in Denver by the Mattachine Society, described by one of its officials as an "educational, research and social service organization" which has as one of its aims that of helping the public "gain understanding of the problems of homosexuals and to help individuals with this tremendous social problem."

Lauds 'Attitude'

The resolution commended Christopher and Police Chief Thomas Cahill and praised San Francisco for its "enlightened attitude."

Wolden's forces used it as the basis for a claim that "San Francisco has become the national headquarters of organized sex deviates in the United States," and that it has been "under the benign attitude of the Christopher administration."

Officers of the society said the resolution was planted by Brandhove.

Wolden would say only that Brandhove's name was vaguely familiar to him.

Conspiracy Hint

But Deputy Police Chief Al Neldor said Brandhove told police as early as last April that he was associated with the Wolden campaign.

"In view of the fact that there may possibly be more than one person involved in this, and that there may be a conspiracy involved, looking for..."

See WOLDEN, Page 8, Column 3.
Wolden: Bare Smear Agent

(Continued from Previous Page)

Then, two days ago, they saw a notarized reproduction of the resolution in a local "throwaway" neighborhood newspaper, along with the charges against Christopher and Cahill and a lengthy account of alleged freedom enjoyed here by sex deviates.

Lucas said they asked Brandhove about the reproduction of the resolution and the story, and he denied knowing anything about it.

ASKED FOR COPIES

He said they then queried Darlene Armbeck, a notary public, who acted as a secretary for the Denver gathering, and she said that Brandhove asked her by telephone to mail him three notarized copies of the resolution.

Society members expressed regret that they had been used for political purposes.

Additional use was made of the resolution by Wolden in a 15 minute broadcast on KNBC Wednesday night. He cited it to back up his charges against the Mayor.

$1,100,000 SUIT

As a direct result of his broadcast, a $1,100,000 slander suit was filed in Superior Court late yesterday against Wolden by the Mattachine Society.

The complaint charged that Wolden "did wrongly and maliciously declare and utter certain false and defamatory statements" regarding the society, and that at the time he did so he "knew that said words were untrue."

Mayor Christopher last night said flatly that the smear was a conspiracy.

DEGRADED CITY

"In a blind drive for office my opponent has degraded our city."

Furthermore, I am deeply regretful that his sordid campaign material has been thrown on the doorstep of every home," Christopher said.

Brandhove disappeared yesterday from the Turk St. hotel where he had been living.

A self-styled former Communist, he once was a candidate for the Board of Supervisors.

He was an associate of James Tarantino, convicted extortionist.

In 1949 he was charged with contempt by the old State Senate Un-American Activities Committee for refusing to answer questions.
‘Plant’ Revealed

Smear Drive
Praise of Mayor's Policy
On Deviates Engineered

By George Draper

Assessor Russell L. Wolden's plan to inject the issue of homosexuality in the mayoral campaign came apart at the seams yeste-day.

He made his muddy charges in a speech on Wednesday. But they boomeranged sadly when it turned out that the whole mess was a plant by a behind-the-scenes operator in the Wolden campaign.

In a radio speech, Wolden claimed San Francisco has become the national headquarters for organized sex deviates.

To support this claim he cited a resolution passed last month in Denver by the Mattachine Society, an organization dealing with the problem of homosexuality.

SLANDER SUIT
(The Society replied with a $1.1 million slander suit against Wolden. See Page 4.)

The resolution, as made public by Wolden, praised Mayor George Christopher and Police Chief Thomas Cahill for their tolerant attitudes towards sex deviates.

It turned out yesterday, however, that the resolution was planted with the Mattachine Society.

The mysterious figure who worked the resolution through the Society during its Denver convention turned out to be William Patrick Brandhove.

EX-COMMUNIST
Brandhove was once a Communist, later a loud ex-Communist—and built up a long police record during both periods. More recently he has been performing chores for the Wolden campaign since its launching early this year.

He attended the Denver convention as a delegate and served as parliamentarian during business sessions.

The use of the Mattachine Society resolution was branded by Mayor Christopher as "the sorriest event in San Francisco's political history."

opponent has degraded the city," Christopher said.

"Under no circumstances would I cower any office so much as I would to unmasking somebody," Christopher told a meeting of the First District Democratic League last night in a candidates' forum.

Brandhove told the Chronicle last night that he attended the Denver convention but had absolutely nothing to do with the controversial resolution.

WHY HE JOINED

"I'm not a homosexual but joined the Mattachine Society only to find out about their activities," he said.

Brandhove's continuing interest in the resolution, used as a campaign device by Wolden, was illustrated by the fact he telephoned Denver on the day after the resolution was passed and ordered some copies of the resolution sent to him in San Francisco.

The copies were forwarded to him by air mail, speeded up one day on the redeployment Wednesday of a neighborhood newspaper.

Marlene Aronberg, a Mattachine Society official, said the Chronicle these was the only copy which has been so far released.

Brandhove, according to Mattachine Society officials, joined the society last August.

A DELEGATE

He paid his $16 dues and attended the convention on September 4 as one of 50 delegates of the tiny organization from some 12 states.

In fact, Brandhove was registered at the Alhambra Hotel in Denver where the convention was held by most of the delegates stayed.

Harold L. Call, the society's director of publications, yesterday that Brandhove's room was right next door.

Brandhove's room became sort of the headquarter for the San Francisco delegation," said Call.

That evening, said Call, most six members of the society's executive committee met with Brandhove in a room.

At that time, Call said, Brandhove presented a draft of the resolution praising Christopher and Cahill.

"We thought it was unacceptable," said Call, "because it was tantamount to a political endorsement of Mayor Christopher and Chief Cahill."

"During the discussion on Brandhove's suggestion," Call said, "someone asked why Christopher was so interested in having the resolution passed by the convention."

"I didn't care," said Call, "that it was asked to do it by San Francisco Police Sergeant Ted Dolan and another police officer named Murphy."

POLICE SERGEANT

Sergeant Dolan, assigned to the personnel staff at the police academy, denied he had called Brandhove in Denver to make any such request.

"I called the Denver and wanted to know if I knew anybody in the Denver police department," Dolan said.

Sergeant Dolan said he was opposed to Christopher four years ago but "I'm staying out of this one."

REWARDED

Call said the executive committee carefully rewarded the Brandhove resolution to place greater emphasis on their principles and less upon official personalities.

This rewarded resolution was made because the society sincerely appreciated the honest police administration in San Francisco in contrast to that in many cities where homosexuals are blackmailed by the police," said Call.

Members of the Mattachine Society executive committee who heard Brandhove urge acceptance of the resolution included Call, Carl R. Hardwig, Henry Foster, Jr., and Donald Lucas.

WE STARTED IT

Call, Lucas and Foster yesterday gave statements to police saying that Brandhove had, in fact, initiated the idea of the controversial resolution.

Brandhove openly boasted yesterday that he is a Wolden supporter but denied he has ever received any pay from the Wolden camp.

He acted as a host at the opening of the Democratic for Wolden campaign headquarters at 47 Kearny Street early last May, he said.

Also, he said, he has talked on behalf of Wolden to all his friends.

WOLDEN AIDS

Brandhove said his associate in Ralph Taylor, who also happens to be Wolden's campaign treasurer.

Taylor, Brandhove said, was given the copies of the Mattachine Society resolution which Brandhove received from Denver.

"I told him to make sure it's used," Brandhove said.

Taylor had gone hunting yesterday and could not be reached for comment.

Brandhove said his survey of gay services had been
RULES: Bearer shall have signed the Pledge and subscribed to the Aims and Principles in accordance with the Constitution and By-laws of the Mattachine Society Inc.

Conditions of membership in society, printed on Brandhove's card

Then, he switched again and repudiated the pro-Tarantino affidavit.

Back in 1948, Brandhove popped into the news in connection with a smear attempt against Congressman William Mailliard.

At that time an affidavit was circulated in which Brandhove admitted being an ex-Communist and claimed—without success—that Mailliard tried to get him to run against Mailliard's opponent, Franck Havenner, and smear Havenner as a radical.

TENNEY COMMITTEE

Brandhove appeared before the old State Un-American Activities Committee headed by Senator Jack Tenney and named a number of people as Reds.

Later, Brandhove became anti-Tenney and charged the committee used him to smear Havenner when Havenner was running against former Mayor Robinson.

Brandhove refused to answer questions before the Tenney committee at this point and was arrested for contempt.

Brandhove also said that he paid from his own pocket for the trip to Denver for the Mattachine convention.

Harry Lerner, Wolden's campaign manager, said of Brandhove:

"He was never hired by me to do anything. He was never paid a nickel so far as I was concerned."

Wolden himself could not be reached for comment.

LAST SPRING

Acting Police Chief Al Nelder, who is investigating the Wolden charges, said Brandhove told police last spring that he was associated with the Wolden campaign.

Brandhove's automobile has been plastered with Wolden stickers.

Attorney Emmet Hagerty, chairman of the Democrats for Wolden, said Brandhove volunteered for a job but was turned down.

Brandhove's police record includes at least eight arrests since 1930, when he was picked up in Jersey City, N.J., on a charge of sodomy.

In 1946, he received a six-months suspended sentence for being drunk in a public place.

Brandhove is known to the police and the underworld as an unreliable stool pigeon.

He was most recently in the news in the extortion trial in 1953 of gossip magazine publisher Jimmie Tarantino and bar owner Rudy Eichelbaum.

TARANTINO

Brandhove, who worked as a salesman for Tarantino, then became a stool pigeon against Tarantino for the police.

Then, he gave Tarantino an affidavit repudiating the things he had told the police.

The current San Francisco Telephone Directory lists the Society at the above address, telephone EXbrook 7-0773. The Society is not listed in the Oakland Directory.

reading room, and a general office area. The fifth room is a library or sales room, and appeared to be filled with a large quantity of pocket books and other literature dealing with sex. These publications were displayed in a manner indicating that they are sold to the public. Four men were observed in the offices, all obviously homosexuals. Two men were operating a fairly large printing press, and a quantity of mimeographed and printed material was observed in the area. An issue of the "Mattachine Review" was observed on a desk (date of issue not noted), and it would appear that this publication is still being printed.

Los Angeles advised SA on November 29, 1960, that he had visited the Society Office in San Francisco at one time, and that the name of [redacted] was mentioned as an attorney who was either consulted by the Society or by individual members (100-37394-51).

Los Angeles advised by letter dated May 19, 1959, that a United States Navy source reported in 1958 that the Society was founded and incorporated in California on June 7, 1952, as a secret society with headquarters in Los Angeles, and was composed mainly of sex deviates and homosexuals. On May 11, 1953, the secrecy was dropped (100-37394-41).

Los Angeles letter dated August 23, 1956, disclosed that the Mattachine Society (MS) in January-February 1955 began publication in San Francisco of the "Mattachine Review" (100-37394-33, p. 9). The Christmas 1955 issue of the "Mattachine Review" stated that area newsletters were published by the Area Councils of Los Angeles-Long Beach; Chicago, and San Francisco (100-37394, p.11 of serial 33).

RE: DAUGHTERS OF BILITIS

Recommended that the Daughters of Bilitis is a companion organization of the Mattachine Society (MS), and would also operate in San Francisco.

A Los Angeles source in 1956 furnished a booklet which contained an article that stated the first meeting of the Women's Society, now known as the Daughters of Bilitis, was held in San Francisco on September 21, 1955. Eight charter members formed the group, and it was dedicated to a program of bringing understanding to and about the Lesbian. It met twice a month thereafter, and the total attendance was 183 in the following twenty meetings. This was the only chapter then in existence (100-37394-38).

The current (September 1960) San Francisco Telephone Directory lists the Daughters of Bilitis at 165 O'Farrell Street, telephone YUKon 2-9290. The Writer observed on April 28, 1961, that the building directory at that location does not list the group.

The Pacific Telephone Information Operator advised the Writer on May 1, 1961, that YUKon 2-9290 had been changed to UNDERhill 3-8196.

UNDERhill 3-8196 is the number of the Daughters of Bilitis, 1232 Market Street, Suite 108, San Francisco.

"ONE"

As of April 1957, "ONE" was a homosexual magazine published by ONE, INC., 232 South Hill Street, Los Angeles. This magazine was incorporated in California as of June 1, 1953 (100-37394-33, p. 2, 38).

"CLOAK & DAGGER"

On May 26, 1961, SAs and observed that the "Cloak & Dagger," 1224 Polk Street, San Francisco, is a retail store dealing in "custom leather work." Several obvious homosexual males were observed to enter the store during a short period of time. Agents observed that various items of leather clothing were displayed in the store windows, and concluded that the store catered to a masochistic clientele.
He observed that, in addition to the "Mattachine Review," the Mattachine Society apparently acts as a legal referral agency to homosexuals involved in various legal problems.

A copy of the above-described Senate hearing is being designated for the San Francisco file entitled FAIR PLAY FOR CUBA COMMITTEE, file number 97-347.

It is advised that on the evening of 7/24/61, the San Francisco Public Library will be sponsoring a public meeting in the public assembly room in the San Francisco Public Library. The matter for discussion will be the California Disorderly Conduct Statute.

It is suggested that this publication, when received, be exhibited in the captioned file (94-843).
further advised that the Mattachine Society had recently undergone a reorganization. They have eliminated the various previously authorized chapters throughout the United States and that there is but one organization, namely, in existence and that its national headquarters are 693 Mission Street, San Francisco. He pointed out that in several instances where the chapter had been disbanded in another city they have formed clubs, but these clubs have no status like the national organization.

stated that there is being formulated a TV hour long program to be broadcast sometime in September, 1961, from Channel 9, KQED. The topic for discussion will be Homosexuals. The date for this program has not yet been fixed.
Vice Case to Test Public 'Tolerance'

The weekend raid on the Tay-Bush, one of San Francisco's wide open "gay" spots, has become the focal point for an attempt to gain public tolerance toward homosexuals.

The Mattachine Society, a national organization dedicated to public education of the problems of homosexuality, has thrown its support behind the 98 persons facing charges in connection with the raid early Sunday morning. The Examiner learned yesterday.

In addition, other established "gay" places throughout the country have offered aid in a fight for the right of sexual deviates to meet in public without "persecution" by police.

103 ARRESTED

The police raid on the after-hours cafe at Bush and Taylor Sts., resulted in 103 arrests, including 14 women.

All appeared for arraignment on misdemeanor charges in Municipal Court yesterday. Five won dismissals on the plea that they were strangers from the East without prior knowledge of the character of the place.

The others either entered guilty pleas or asked for time to consult with their attorneys. Trial dates will be set Friday for the former.

Those yet to plead will return to court Aug. 22.

Robert Johnson, 27, proprietor of the Tay-Bush, was arraigned on three alleged violations of State, police and health codes. He pleaded not guilty.

Johnson acknowledged out of court that his place, a club open from 6 p.m. to 6 a.m., was recognized as a gathering spot for homosexuals.

"But that doesn't make it a 'disorderly place,'" he said.

His position was that deviates have the same rights to meet publicly as any other persons.

AIDS PATRON

He denied the arresting officers' allegations that men were dancing together or kissing. He said the place was so jammed that it was impossible to move about without a certain amount of body contact.

Johnson arranged bail for many of his customers and provided legal counsel for those who desired it.

The Mattachine Society, whose headquarters is in San Francisco, arranged for an

torney to represent the group and agreed to act as "custodian" for a defense fund to help fight the case.

Harold L. Call, a society officer, said the society has also agreed to take care of the cost of printing briefs in the event the defendants are convicted and must appeal to a higher court.

FACE LONG FIGHT

"We are prepared to fight this through the courts," he said. "It must be determined through legal process whether these actions (by police) are not a violation of basic civil rights."

The Mattachine Society has a national membership of only 250 persons, but another 750 give active support to the organization.

It's basic tenet is set forth in the preamble to the society's constitution:

"That all mankind may live without fear and prejudice regardless of their sexual orientation."

HOMOSEXUAL ACTIVITIES

On 1/17/62, the writer attended a meeting of the East Bay Intelligence Group at the Santa Rita Rehabilitation Center, Alameda County, California, in the capacity of an observer. This meeting was addressed by a speaker from the Alcoholic Beverage Control Unit who furnished background information concerning the operations of the Mattachine Society and the "League for Civil Education," a California corporation having offices at 1154 Kearney Street, San Francisco.

Concerning the Mattachine Society which has offices at 693 Mission Street, San Francisco, California, the ABC representative stated that this organization has financial difficulties for approximately $6,000 in debt and that the operations of this organization have almost been discontinued except for the publishing of the "Mattachine Review." He identified HAROLD HALL as the leader of this organization.

The ABC representative also spoke on the operations and organizational structure of the "League for Civil Education" which he described as a militant organization which is fighting the vagrancy laws and is endeavoring to do everything it can to discredit law enforcement. He identified the key people of this organization as JOSE J. SARRIA, organizer, who was formerly a candidate for the San Francisco Board of Supervisors, GUY STRAIT, President, SOL STOUMEN, owner of the Black Cat Bar, San Francisco. A Mr. ANDERSON and a Mrs. MAC ADAMS are members of the Board of Directors.

The attorneys for this organization are ED STERN from the firm of Marvin & Lewis Attorneys and HAL LYONS, who was formerly associated with the lowenthal Law Firm.

The first known meeting of the "League for Civil Education" was held on 3/21/61, at 90 Market Street, San Francisco. The editor of the LCE news is GUY STRAIT and the associated editors of this publication are D. ANDRETTA and W. NELSON.

Additional comments by the ABC representative are being quoted as follows:

1 - 94-843
1 - 100-37394
1 - 94-1001
comp (3)
"The L.C.E. conducted its first membership drives by holding scheduled meetings in the 'homo' bars in S.F. during the spring of 1961. Serrias and others visited the bars, outlined the purposes of the LCE, pointed out to the fruits that they could exert political pressure if they organized; and then solicited memberships (at that time they were screening applicants). This investigator attended one of the meetings at the Polk Gultch in April, 1961. The L.C.E. then held public meetings at the main library in S.F. during the summer of 1961. Strait conducted the meetings. At one meeting Ed Stern and Lyons gave legal advice as to how they (fruits) should conduct themselves in their relations with law enforcement – main attention to 'rights.' One of these meetings was attended by this investigator.

"There appears to be no connection between LCE and Mattachine.

"Hemos appear to be afraid to join – fear that law enforcement and employers will obtain membership list.

"Comments at meetings and comments in L.C.E. news tend to indicate that LCE is going to continue to attack law enforcement agencies, law enforcement methods, legislation aimed at coping with the sexual deviate, and any officers that are engaged in the investigation of homos or homo premises."

The Mattachine Society is supposed to begin its annual convention at the Jack Tar Hotel on 8/25/62.

At the Weekly Intelligence Conference on 8/14/62, the Air Force distributed a memorandum concerning this conference. OSI pointed out that from information available to it the Mattachine Society has been trying to establish the fact, legally and otherwise, that there is nothing wrong with homosexuals and that they are not security risks, either in the military, in the Government service, or working for classified contractors.

According to information available to OSI, at their convention they are planning to make an issue of the fact that the U. S. Government, and especially the military services, consider homosexuality such a fatal defect in character that homosexuals are dismissed from their positions as security risks. Consequently, according to OSI, in addition to taking this stand, the Society plans to make the point that homosexuals are no more security risks than are Generals and other officers who take foreign prostitutes as their mistresses when they are serving overseas. Allegedly, they plan to expose several general officers' unsavory acts, and allegedly are equipped with photographs or recordings.

The Air Force, as well as the other Armed Forces, requested this office to find out as much as possible about (1) the plans for proceedings of this nature at the convention, and (2) what actually takes place at the convention.
As information is obtained it can be dictated briefly to one of the Security Squad secretaries, who will prepare a letterhead memorandum for the Bureau, with copies for DIO, OSI and G-2, for immediate local dissemination.

HOMOSEXUAL ACTIVITIES IN SAN FRANCISCO

advised SA on 11/16/62 in substance as follows:

At their recent program sponsored by the organization and held at the Jack Tar Hotel, San Francisco, the attendance averaged approximately 100 persons. This was the eighth such meeting that they have sponsored. Concerning the address made at that meeting by one of the speakers, RICHARD SCHLEGEL, the full text of this address was presented in the November issue of the "Mattachine Review". Three copies of this issue were provided and have been exhibited in San Francisco file 100-37394.

It is considered that possibly the Army G-2 and the Navy VIO may be desirous of receiving copies since the Army was particularly interested in the speech of SCHLEGEL prior to the time it was delivered. It is to be noted that it was the understanding of this office that the Army intelligence had received information that SCHLEGEL was allegedly in possession of information concerning homosexual activities currently being practiced in the Army and that he would bring this information to light in his speech. Apparently he did not specifically mention any such current activities.

Reference is made to the article in the San Francisco News-Call Bulletin, a daily newspaper published in San Francisco, of Friday, November 16, 1962 by Columnist ARTHUR CAYLOR. The column is headlined "A Poll of Limp Wristas". The following is the verbatim copy of that portion of the article which relates to this matter. The entire clipping has been exhibited in 94-843.

Members of "The Community" were urged to demonstrate their numbers and political strength by quietly using the Prohibition Party as a guinea pig. The theory - advanced by the League for
Civil Education — was that if they all voted for that party's candidate for state treasurer, the bulge in his vote would show "how many there are."

Statewide, this candidate got 106,889 votes — a lot more than the 2142 he received at the primary. In San Francisco he got 6018 votes — at the primary 12.

Where mathematics are involved, I was never much good at figuring things out. So I don't know how much these figures should scare you. The limp-wrist population was an "issue" in the CHRISTOPHER—WOLDEN race for mayor — remember? — but nobody seemed able to care less.

If you're interested in further figuring, the Prohibition candidate for governor got 69,724 votes, and the candidate for controller got 116,760 — without being made a key part of the census scheme. Four years ago a Prohibition candidate for secretary of state rolled up 129,140 votes after getting only 1530 votes at the primary. Would anybody care to join me in a state of confusion?

The term "The Community" mentioned in the above article as referring to homosexuals as a group. He identified the League for Civil Education mentioned in said article as being a group in San Francisco headed by GUY STRAIT. This group publishes a small monthly newspaper. It was this group who locally sponsored this alleged poll. He pointed out that on at least two previous occasions, a similar attempt was made to use the public elections to take a poll of the number of homosexuals in this state of California. In referring to the above column and also having in mind the previous attempts along this line, this method was entirely inaccurate and wholly inconclusive for the following reasons:

1. Homosexuals generally fail to reside in one voting district long enough to qualify as a voter.

2. Homosexuals as a group are not interested in elections generally or in a determination of their numbers.

3. Due to their psychological makeup, having an innate fear of exposure, as a group would not vote in accordance with the plan as outlined in the article.
4. Those homosexuals who are interested in political affairs would vote their political convictions rather than vote in accordance with the purported poll.

INFORMATION CONCERNING
(CO: LOS ANGELES)

Reference is made to San Francisco report in this matter dated 7/14/53, and Seattle report dated 8/19/53. Both reports are given the character of INTERNAL SECURITY - C; but because of the fact that evidence of the existence of subversive activity, etc., appears to be almost totally lacking, this particular letter is being characterized as "INFORMATION CONCERNING."

The Armed Forces Police in Seattle have recently reported to this office that they have arrested a deserter reported that the MATTACHINE SOCIETY is extremely active in its efforts to organize homosexuals. He said that the main office of the organization is in San Francisco and that it has branch offices in Los Angeles, New York, Chicago, Phoenix, Tampa, Washington, D. C., and is trying to establish one in Seattle. He said that the primary purpose of the organization is to "unify the homosexual population." He said that they set up travel trip contacts in various cities; issue membership cards; and hold meetings to discuss homosexual problems. He said that the organization is participated in mainly by homosexuals who cannot afford adverse publicity and are very frequently people in the teaching profession, etc. He estimated that there are over 15,000,000 active homosexuals in the United States and that there are 150,000 to 200,000 homosexuals in California who are organized. In California, he says they believe that they actually had an effect on the voting in the state and helped elect Governor Brown.

Birth control
Mattachine president talks on homosexual and society

Janet Russo

Hal Call, president of the Mattachine Society, spoke last week as a guest of the Psych o r u m on the question of the homosexuality.

The Mattachine Society, located at 345 Ellis St., concerns itself with human sex problems, and in particular homosexuality. Counseling service is offered to sexual veniants having problems with jobs, the draft, the law, their own guilt problems.

All said that his organization encourages each individual to achieve his own sexual entity.

On the question of homosexuality, Call said that it might be one of nature's inns of birth control. He said that one out of 10 adults is homosexual. He further said that there always has been and always will be a eat variety of sexual expression in societies.

Call feels that homosexuality is no disease. "There is no ed to seek cure.

The problem lies instead in society. Call feels that society should say, "Laws, ta-

He pointed out that people

have established a taboo on promiscuity perhaps because "They were jealous of someone getting more than they were."

With respect to why people are homosexuals, Call said that "it is hard to pin down causes." He explained that some psychiatrists believe that it is biologically caused; that one's genetic constitution causes one to become homosexual.

Others feel that a person embraces homosexuality not so much as an attraction to the same sex, but rather because of a fear of the opposite gender, Call said. He added that such fears are implanted early in children by parents who say to their son or daughter, "Don't play with that person. He (or she) will get you into trouble."

Call said that if people were not instilled with taboos, most would be bi-sexual. However, most people's predominant orientation would be towards heterosexuality.

Call also had words of praise for the S.F. police department. He said that there has been a remarkable change in their attitudes towards homosexuals. He said that policemen no longer peek in bus depot's bathrooms searching for lascivious activities. Moreover, one now sees between the streets of Taylor and Jones "guys in drag talking to cops," he said.

He said that "we can thank God for the hippies, yuppies, and draft card burners for taking the cops' eyes off the homosexual."

Lastly, Call advised homosexuals to evade the draft. He said that this is better than going in, being discovered, and then kicked out in dis grace.
