

CURRICULUM VITAE

for

**Marc E. McDill**

---

<u>ADDRESS:</u>	<u>Office</u> School of Forest Resources 214B Ferguson Building The Pennsylvania State University University Park, PA 16802-4301	<u>Home</u> 906 South Sparks Street State College, PA 16801
<u>PHONE:</u>	(814) 865-1602	(814) 861-3968
<u>FAX:</u>	(814) 865-3725	
<u>E-MAIL:</u>	mem14@psu.edu	

PROFESSIONAL INTERESTS: Forest management planning, operations research, timber supply, geographic information systems, property taxes, forest values and valuation, forest management under uncertainty, growth and yield modeling, regional development.

---

EDUCATION: Ph.D. in Forest Economics, Virginia Polytechnic Institute and State University, 1989. GPA 3.86. Recipient of a VPI & SU Presidential Fellowship. Dissertation title: *Timber Supply in Dynamic General Equilibrium*.

M.S. in Forest Economics, North Carolina State University, 1986. GPA 3.92. Thesis title: *Reforestation Incentives and the Economic Structure of the Charcoal Market in Minas Gerais, Brazil*.

B.S. in Forestry, University of Minnesota, 1984. GPA 3.71. Recipient of the R. M. Brown Scholarship.

EMPLOYMENT:

1997 to present: Assistant Professor of Forest Management, School of Forest Resources, Penn State University.

- Teach Forest Ecosystem Management and undergraduate and graduate courses in Forest Resource Management.
- On-going research programs in forest management planning, timberland property taxes, timber supply analysis, ecotourism, and growth and yield.
- Developing timber management plans for Pennsylvania's state forests.
- Developed methodology for timberland property assessment used statewide.

1994-1997: Assistant Professor of Forest Management, School of Forestry, Wildlife and Fisheries, Louisiana State University.

- Taught undergraduate and graduate Forest Management, Aerial Photo Interpretation and GIS.
- Developed a timber supply/forest management model for the southern U.S.
- Studied non-timber forest product use in Venezuela.

1993-1994: Assistant Professor of Forest Management, School of Forest Resources, Penn State University.

- Taught Forest Resource Management, Forest Resource Biometrics, and Introduction to DOS-based Microcomputers.
-

<p><u>EMPLOYMENT:</u></p> <p>1989-1993:</p> <p>1986-1989:</p> <p>1984-1986:</p> <p>1980-1984:</p>	<p>Research Associate, Dept. of Forest Resources, University of Minnesota.</p> <ul style="list-style-type: none"> <li>● Developed a state-wide timber supply and forest management model for Minnesota. Lead studies to assess forest management investment options, public forestry funding mechanisms, timber sale appraisal and administration practices, and the efficiency of timber markets in Minnesota.</li> <li>● Completed research projects: "Relating Timber Prices to Timber Values and Public Forest Investment in Minnesota", "Simulating Minnesota's Future Forests" and "Feasibility of Linking DUALPLAN and IMPLAN in an Ecologic-Economic Model".</li> <li>● Growth and yield modeling including site evaluation methods, fitting dynamic models, covertype change following harvesting.</li> </ul> <p>Graduate Research Assistant at Virginia Polytechnic Institute and State University.</p> <ul style="list-style-type: none"> <li>● Developed a dynamic general equilibrium model of a free-market economy that emphasized the forestry sector and timber supply.</li> <li>● Growth and yield modeling.</li> </ul> <p>Graduate Research Assistant at North Carolina State University.</p> <ul style="list-style-type: none"> <li>● Analyzed the Brazilian forestry incentives program. Developed an econometric model of the charcoal market to study the effect of an incentives program on plantation establishment rates.</li> </ul> <p>Seasonal Forest Technician; USDA Forest Service; Elk Mountain Ranger District; Black Hills National Forest; Newcastle, WY.</p> <ul style="list-style-type: none"> <li>● Twenty months total service. Four seasons on marking crew; one season on fire crew.</li> </ul>
<p><u>CONSULTING:</u></p>	<ul style="list-style-type: none"> <li>● Significant involvement in developing a Generic Environmental Impact Statement on timber harvesting for the State of Minnesota (1991-1993). <ul style="list-style-type: none"> <li>• Key member of team that conducted a comprehensive study of the timber supply situation in Minnesota.</li> <li>• Provided an evaluation of the economic impacts of potential expansions of the forest products industry in Minnesota.</li> </ul> </li> <li>● Expert witness in forest property tax reassessment</li> </ul>
<p><u>SPECIAL SKILLS:</u></p>	<ul style="list-style-type: none"> <li>● Word processing, spreadsheet, database, and graphics software, HTML.</li> <li>● Geographic Information Systems: ArcView, MapInfo.</li> <li>● Programming languages: MS VisualBASIC, FORTRAN, C.</li> <li>● Familiar with Token Ring and Ethernet networks.</li> <li>● Foreign languages: French and Spanish (beginner).</li> <li>● Extensive experience with overseas travel.</li> </ul>
<p><u>PROFESSIONAL ASSOCIATIONS:</u></p>	<ul style="list-style-type: none"> <li>● Society of American Foresters; <ul style="list-style-type: none"> <li>• Executive Committee member for Rothrock Chapter of Allegheny SAF</li> <li>• Program Chair for the 1996 TX/LA SAF Annual Meeting</li> <li>• Louisiana SAF Outstanding Service Award for 1996</li> </ul> </li> <li>● Xi Sigma Pi – Penn State faculty advisor</li> <li>● Pennsylvania Council of Professional Foresters</li> <li>● INFORMS (Institute for Operations Research and the Management Sciences) <ul style="list-style-type: none"> <li>• Chair of the Energy and Natural Resources Subgroup</li> </ul> </li> </ul>

## GRADUATE STUDENT THESES

- Wang, Yanguo. 2000. *A General Equilibrium Analysis of Forest Taxation*. Unpublished Master's Thesis. Pennsylvania State University School of Forest Resources.
- Braze, Janis. 1999. *A Comparison of Alternative Adjacency Constraint Formulations in Forest Planning Models*. Unpublished Master's Thesis. Pennsylvania State University School of Forest Resources.
- Tucker, Denis. 1996. *Projecting the Industrial and Non-industrial Timber Resources of Louisiana with the STRIPS Model (An Analysis of the Current and Future Conditions of the Timber Resources of Louisiana by Ownership Class)* Unpublished Master's Thesis. Louisiana State University School of Forestry, Wildlife and Fisheries.
- Silva, Gabriela. 1996. *Extraction of Non-timber Forest Products in Pintao, Venezuela*. Unpublished Master's Thesis. Louisiana State University School of Forestry, Wildlife and Fisheries.

## AWARDS

- Best Paper in Forestry Sponsored Sessions* award, INFORMS (Institute for Operations Research and the Management Sciences) Spring, 1999 Meeting, Cincinnati, Ohio. May 2-4, 1999. McDill, Marc E., and Janis Braze. 1999. Testing Area-based Forest Management Planning Constraints and Solutions.
- Outstanding Service Award* from Louisiana Society of American Foresters in 1996

## GRANTS AND CONTRACTS:

- Assessment of regeneration treatments on Pennsylvania Bureau of Forestry lands – 2000 - 2003*  
Investigators: Kim Steiner, James Finley, and Marc McDill. Pennsylvania Department of Conservation and Natural Resources, Harrisburg, PA. \$412,738. June 30, 2000 to April 30, 2003.
- Analysis of Forest Property Taxes on Long-Term Forest Management*. Investigators: Michael Jacobson and Marc McDill. USDA Forest Service Southern Research Station, New Orleans, LA. \$38,031. September 1, 2000 to August 31, 2002.
- Impact of Forest Property Taxes in Pennsylvania*. Investigators: Michael Jacobson and Marc McDill. USDA Forest Service Northeastern Area State and Private Forestry, Newtown Square, PA. \$30,000. August 15, 2000 to August 14, 2001.
- Assessment of Pennsylvania's Forest Property Tax*. Investigators: Michael Jacobson and Marc McDill. Pennsylvania Hardwood Development Council, Harrisburg, PA. \$33,915. July 1, 2000 to June 30, 2001.
- Community-based forestry cooperative for certified wood*. Investigators: Marc McDill. Michael Jacobson, Jonathan Kays, Kara Unger, Don Morris, Gabriela Silva. Northeast Regional Center for Rural Development, The Pennsylvania State University, University Park, PA. \$25,000. July 1, 2000 to June 30, 2001.
- Social assessment of the Allegheny Forest region*. Investigators: Grace Wang, Marc McDill, Charles Strauss, and Michael Jacobson. USDA Forest Service, Allegheny National Forest, Warren, PA. \$26,758. October 1, 1999 to March 31, 2001.
- Developing a forest management planning system for the Pennsylvania DCNR Bureau of Forestry*. Investigator: Marc McDill. Pennsylvania Department of Conservation and Natural Resources, Harrisburg, PA. \$146,000. July 1, 1999 to June 30, 2001.

*Assessment of regeneration treatments on Pennsylvania Bureau of Forestry lands – 1997-2000 (Amendment)*. Investigators: Kim Steiner, James Finley, and Marc McDill. Pennsylvania Department of Conservation and Natural Resources, Harrisburg, PA. \$30,169. May 1, 1999 to April 30, 2000.

*Promoting ecotourism on private lands*. Investigators: Marc McDill, James Finley, and Jonathan Kays (University of Maryland, Cooperative Extension). Northeast Regional Center for Rural Development, The Pennsylvania State University, University Park, PA. \$14,673. January 1, 1999 to December 31, 1999.

*Web-based multimedia enhancements for forest management courseware*. Investigator: M. E. McDill. Fund for Excellence in Learning and Teaching, The Pennsylvania State University Center for Excellence in Learning and Teaching and The Pennsylvania State University Educational Technology Service. University Park, PA. \$2,500. July 1, 1998 to June 30, 1999.

*Developing computer courseware for forest management*. Investigators: M. E. McDill and S. B. Carpenter. USDA Higher Education Challenge Grant Program. Washington, DC. \$52,231. October 15, 1995 to October 14, 1998.

*Development of a modeling framework for regional analysis of Southern forest economies*. Investigators: M. E. McDill, Quang V. Cao, and W. R. Smith. USDA Forest Service Southeastern forest Experiment Station and the Southern Forest Assessment Consortium. Raleigh, NC. \$31,234. January 1, 1996 to December 31, 1996.

*Initial development of a modeling framework for regional analysis of Southern forest economies*. Investigators: M. E. McDill and J. S. Chang. USDA Forest Service Southeastern forest Experiment Station and the Southern Forest Assessment Consortium. Raleigh, NC. \$34,000. August 15, 1994 to December 31, 1995.

*Relating timber prices to timber values and public forest investment in Minnesota*. Investigators: M. E. McDill, H. M. Hoganson, M. J. Baughman, and C. A. Blinn. Charles K. Blandin Foundation. Grand Rapids, MN. \$193,000. July 1, 1991 to November 30, 1993.

*Feasibility of linking Dualplan and IMPLAN in an ecological economic model*. Investigator: M. E. McDill. USDA Forest Service NC Forest Exp. Sta. St. Paul, MN. \$5,000. October 1, 1990 to September 30, 1992.

*Simulating Minnesota's Future Forests*. Investigators: H. M. Hoganson and M. E. McDill. Legislative Commission on Minnesota Resources, St. Paul, MN. \$100,000. July 1, 1989 to June 30 1991.
