Career in Academic Research in Economics
CARE

Information Meeting, Wednesday, May 1 at 7:00 PM in 613 Kern

For Whom: Anyone interested in pursuing graduate school in economics.

For What: Information on resources available from the Economics Department to prepare for a successful career in economics, and how to prepare for successful admission to graduate school

- Mentoring resources from Faculty
- Details about our special mentoring program for women and minorities
- Exposure to academic research
- Connect with faculty undertaking research in your area of interest

Why: Why should I pursue a career in economics? Why do I need to start thinking about it now?

- Salaries
- Types of careers
- Opportunities
