

- 01/08/2021 Joint AMS/MAA Math Meetings  
Special session honoring memory of Richard Askey  
"Compositions and Chebyshev polynomials"  
via Zoom
- 03/15/2021 Number theory in honor of R. Balasubramanian's 70 birthday  
"How Ramanujan may have discovered the mock theta functions"  
via Zoom
- 05/24/2021 C.A.N.T.  
"MacMahon's partition analysis: "Schmidt type partitions and modular forms"  
via Zoom
- 06/21/2021 2021 Lattice Path Conference  
"MacMahon's partition analysis: midt type partitions and modular forms"  
via Zoom
- 07/19/2021 Symposium on Number Theory to Honour Prof. M. V. Subbarao  
"Separable integer partition classes"  
via Zoom
- 11/09/2021 RMIT2021 Conference – International Institute of Information Technology  
"4-Shadows in q-series, the Kimberling Index, and Garden of Eden Partitions" -  
A Tribute to Hansraj Gupta  
via Zoom
- 12/18/2021 Pie Mathematics Association  
"4-Shadows in q-series, the Kimberling Index, and Garden of Eden Partitions" -  
A Tribute to Hansraj Gupta and Srinivasa Ramanujan  
via Zoom
