Web Design Document for “BIO of Jayson Price”

1. **Introduction to the website:** This website is designed for users who want to know about the Life of Jayson Price. The site has the following: a basic information page (basic status), a link to social media (Facebook), a link to professional page (LinkedIn), coursework of ART203 at PSU, a link to his blog page, and contact information. The overall concept is to be informed on who Jayson Price is and what he is all about. After users visit the page they will have a better understand of the life of him and how to contact him for additional information.

2. **Statement of Purpose**: The purpose of the site is for general knowledge of Jayson Price’s Bio (Biography). The level of importance is within the user themselves, if they have the motivation to know more about this person or expand their networking (of knowing people), they will view this site. The reason this site is being created and developed is to inform the people about Jayson Price and to enhance his network. Once this site is complete, it will be used on Facebook, LinkedIn and future job applications for more information.

3. **Web site flowcharts:**
