Revalidate

Congratulations

The document located at http://www.personal.psu.edu/mzr135/GEOG497J/Lesson3/lesson3.htm was successfully checked as XHTML 1.0 Strict. This means that the resource in question identified itself as "XHTML 1.0 Strict" and that we successfully performed a formal validation using an SGML, HTML5 and/or XML Parser(s) (depending on the markup language used).

"valid" Icon(s) on your Web page
To show your readers that you have taken the care to create an interoperable Web page, you may display this icon on any page that validates. Here is the HTML you could use to add this icon to your Web page:

```html
<p>
<a href="http://validator.w3.org/check?uri=referer"><img src="http://www.w3.org/Icons/valid-xhtml10.jpg" alt="Valid XHTML 1.0 Strict" height="31" width="88" /></a>
</p>

<p>
<a href="http://validator.w3.org/check?uri=referer"><img src="http://www.w3.org/Icons/valid-xhtml10-blue.jpg" alt="Valid XHTML 1.0 Strict" height="31" width="88" /></a>
</p>
```

A full list of icons, with links to alternate formats and colors, is available: If you like, you can download a copy of the icons to keep in your local web directory, and change the HTML fragment above to reference your local image rather than the one on this server.

**Linking to this result**

If you would like to create a link to this page (i.e., this validation result) to make it easier to revalidate this page in the future or to allow others to validate your page, the URI is `http://validator.w3.org/check?uri=http%3A%2F%2Fwww.personal.psu.edu%2Fmzr135%2FGEOG497J%2FLesson3%2Flesson3.htm` (or you can just add the current page to your bookmarks or hotlist).

**Validating CSS Style Sheets**

If you use CSS in your document, you can check it using the W3C [CSS Validation Service](http://jigsaw.w3.org/css-validator/).
