Curriculum Vitae
Richard W. Robinett

Personal:

104 Davey Lab - Box # 183
Department of Physics
(814) 863-0965 (office)
(814) 865-3604 (FAX)
www.phys.psu.edu/~rick/ROBINETT/robinett.html

Born October 2, 1953
Married, two children

rq9@psu.edu

Education:

1975-1981, Ph. D., University of Minnesota
Thesis title: *Mass Scales in Grand Unified Theories*
Thesis Advisor: Prof. Jonathan L. Rosner

1971-1975, B. A. (Magna cum laude), University of Minnesota,
College of Liberal Arts, Honors Division,
(Double major in mathematics and physics)

Academic Experience:

2000-present	Professor, Penn State University
1994-1995	Faculty Research Visitor, Argonne National Laboratory (sabbatical leave)
1990-2000	Associate Professor, Penn State University
1986-1990	Assistant Professor, Penn State University
1983-1986	Research Associate-Lecturer, University of Massachusetts, Amherst
1981-1983	Research Associate, University of Wisconsin, Madison
1975-1981	Research Assistant-Teaching Associate, University of Minnesota

Administrative Experience:

2015	Acting Associate Dean, Eberly College of Science (PSU) (March-May)
2011	Interim Associate Dean, Eberly College of Science (PSU) (July-September)
2010-2011	Administrative Fellow, Eberly College of Science Dean's Office (PSU)
2003-present	Associate Department Head, Physics Department (PSU)
2003-present	Director of Graduate Studies, Physics Department (PSU)
1998-2003	Assistant Department Head, Physics Department (PSU)
1996-present	Director of Undergraduate Studies, Physics Department (PSU)

Other Professional Experience:

2000-2002	Associate Editor, American Journal of Physics (three year term)
2001-2003	General Member-at-Large of the Executive Committee, American Physical Society (APS) Forum on Education

Teaching/Advising/Administrative Awards and Honors:

2015	Schreyer Honors College Excellence in Honors Advising Award
2011	President's Award for Engagement with Students, Penn State University
2011	Schreyer Honors College Excellence in Honors Advising Award
2007	ECoS Alumni Society Distinguished Service Award, Penn State University
2005	Undergraduate Program Leadership Award, Penn State University
2003	Excellence in Advising Award, Penn State University, (Undergraduate Student Government award for faculty advising)
2002	C. I. Noll Award for Excellence in Teaching, Penn State University (Eberly College of Science Alumni Society)
1999	Atherton Award for Excellence in Teaching, Penn State University (University system wide award for "*...outstanding teaching at the undergraduate level.*")
1994	Provost's Award for Collaborative Instruction and Curricular Innovation (with J. Annett, S. Heppelmann, and P. Sokol), Penn State University
1992	Penn State Society of Physics Students (SPS) Teaching Award
1980	"TA of the Year", School of Physics and Astronomy teaching award, University of Minnesota

Research Awards and Honors:

2003	Fellow of the American Physical Society (APS) (Forum on Education) cited "*For his contributions to undergraduate education in quantum mechanics, especially in visualization, and for demonstrated excellence in the training and advising of undergraduate physics majors.*"
2003	Inclusion in *Who's Who in Science Higher Education*
1990-1991	SSC (Superconducting SuperCollider) Junior Faculty Fellowship Texas National Research Laboratory Commission (TNRLC)
1984	Fourth Award, Gravity Research Foundation, 1984 Awards (for "The Principle of Equivalence at Finite Temperature", with J. F. Donoghue and B. R. Holstein)
1977-1978	Institute of Technology Corporate Associates (ITCA) Fellowship

Professional Memberships:

Phi Beta Kappa, 1975-present
Sigma Xi, 1982-present
American Physical Society (Division of Particles and Fields), 1990 - present
American Association of Physics Teachers (AAPT), 1996-present
American Physical Society (Forum on Education), 1999-present

Publications

Articles Published in Refereed Journals

(Undergraduate research students at the time of authorship are indicated by underline)
(Graduate research students at the time of authorship are indicated by **bold**)

Monographs

1. **Proceedings of the Polarized Collider Workshop**, Penn State University, University Park, PA, 1990, edited by J. Collins, S. Heppelmann, and R. W. Robinett, AIP Conference Proceedings, No. 223, Particles and Fields 42 (American Institute of Physics, New York, 1991).

Textbooks

1. **Quantum Mechanics: Classical Results, Modern Systems, and Visualized Examples**, Oxford University Press, 1996.

   - Selected as the Main Selection for Winter 1996-1997 by Newbridge Library of Science Book Club.

2. **Quantum Mechanics: Classical Results, Modern Systems, and Visualized Examples**, Second Edition, Oxford University Press, 2006

   - Includes on-line resources such as
     - **Guide to the Pedagogical Literature on Quantum Mechanics** (90 pages)
     - **Solutions Manual** (340 pages)
     - **Supplementary Chapters** (50 pages)
     - **Worksheets** (additional extended homework problems, 60 pages)

     Ancillary materials available at `http://robinett.phys.psu.edu/qm` – Userid and password required for some components; contact author.

Unpublished arXiv submissions

1. R. W. Robinett, "Using Physics to learn Mathematica to do physics: From homework problems to research examples", arXiv:0712.2358v1 [physics.ed-ph]

   - Description of development of new *Introduction to Mathematica® in Physics* course.

Articles Published in Non-refereed Journals and Conference Proceedings

1. R. W. Robinett and J. L. Rosner, "Proton stability", Proc. of the 1981 Int. Conf. on Neutrino Physics and Astrophysics, ed. by R. J. Cence and A. Roberts (Univ. of Hawaii, Honolulu, 1981), p. 193-204 (presented by J. L. Rosner).

2. R. W. Robinett and J. L. Rosner, "Second Z in $SO(10)$", Proc. of the XVII Rencontre de Moriond, ed. by J. Tran Thanh Van, v. 1, p. 603-613 (presented by J. L. Rosner).

3. R. W. Robinett and J. L. Rosner, "Minimally extended electroweak gauge theories in $SO(10)$ and E_6", in Proc. of the Neutrino Mass and Gauge Structure of the Weak Interactions Mini-Conference (AIP Conference Proceedings No. 99, New York 1983), ed. by V. Barger and D. Cline, p. 193-201 (presented by R. W. Robinett).

4. C. N. Leung, R. W. Robinett and J. L. Rosner, "Second-order fermion masses", in Proc. of the Neutrino Mass and Gauge Structure of the Weak Interactions Mini-Conference (AIP Conference Proceedings No. 99, New York 1983), ed. by V. Barger and D. Cline, p. 292-296 (presented by J. L. Rosner).

5. R. W. Robinett and J. L. Rosner, "Electroweak gauge theories with extra $U(1)$'s in $S)(10)$ and E_6", in Electroweak Interactions at High Energies, Proceedings of the 1982 DESY workshop, ed. by R. Kogerler and D. Schildknecht (World Scientific Publishing Co., Singapore, 1983), p. 273-277 (presented by R. W. Robinett).

6. P. Langacker, R. W. Robinett, and J. L. Rosner, "The production and decay of heavy gauge bosons in pp and $p\overline{p}$ collisions", in Proceedings of the Workshop on Electroweak Symmetry Breaking, (LBL-18571), ed. by I. Hinchliffe, p. 54-57, Lawrence Berkeley Labs (presented by J. L. Rosner).

7. J. L. Rosner, P. Langacker, and R. W. Robinett, "Forward-backward asymmetries in W and Z decays", DPF Workshop on pp options for the Supercollider", (Univ. of Chicago, 1984), ed. by J. A. Polcher and A. R. White, p. 202-206 (presented by J. L. Rosner).

8. R. W. Robinett, "Axigluons and quarkonia", in the Proceedings of the 1988 Meeting of the Division of Particles and Fields of the APS (Storrs, CT, 1988), (World Scientific, Singapore, 1990), ed. by K. Haller, p. 749-751.

9. R. W. Robinett, "Flavor-changing decays of toponium and single b' production", Proceedings of the 2nd International Symposium on the 4th Family of Quarks and Leptons" (UCLA, 1989), New York Academy of Sciences (Vol. 578), ed. by A. Soni and D. Cline, p. 438-444.

10. R. W. Robinett, "Spin and polarized proton-proton collisions at RHIC", in Proceedings of Particles and Fields '91, joint meeting of the DPF/APS and the DP/CAP, Vancouver, Canada, 1991, (World Scientific, Singapore, 1992), ed. by D. Axen, D. Bergman, and M. Comyn, p. 647-651.

11. M. A. Doncheski and R. W. Robinett, "Double photon production in polarized proton-proton collisions", in Proceedings of Particles and Fields '92, 7th meeting of the Division of Particles and Fields of the APS (DPF 92), Batavia, IL, Nov. 1992, p. 1039-1041.

12. R. W. Robinett, "Prospects for spin physics at RHIC", in Proceedings of the International Symposium on Particle Theory and Phenomenology, Ames, Iowa, May 1995, ed. by J. -W. Qiu and G. Valencia, p. 103-108, `hep-ph/9506230`.

Other Research Contributions

1. Co-organizer, *Polarized Collider Workshop*, Penn State University, November 1990.
2. Founding member of RHIC Spin Collaboration (RSC) November 1990.
3. Co-author, RHIC Spin Collaboration (RSC) letter of intent, May 1991, RHIC-SPIN-LOI-1991.
4. Co-author, Joint RSC-PHENIX-STAR proposal to BNL, August, 1992.
5. Co-author, Update to joint RSC-PHENIX-STAR proposal to BNL, August, 1993.

Invited Talks

Seminars, Colloquia, and Talks at Conferences/Workshops

1. "*Gutsier Guts*", Department of Physics, University of Wisconsin-Madison, January 1980.
2. "*Grand unified models based on $SO(10)$ and E_6*", Department of Physics, University of Chicago, September 1981.
3. "*Neutral currents and extra Z's in non-minimal grand unified models*", Theoretical Physics group, Fermilab National Laboratory, October 1981.
4. "*Electroweak interactions with extra $U(1)$'s in $SO(10)$ and E_6*", DESY Workshop on Electroweak Interactions at High Energies, Hamburg, West Germany, October 1982.
5. "*Minimally extended electroweak gauge theories in $SO(10)$ and E_6*", at Neutrino Mass and Gauge Structure of the Weak Interactions Mini-Conference, Telemark Wisconsin, November 1982.
6. "*W boson weak and electromagnetic moments and composite models*", Department of Physics, Purdue University, November 1982.
7. "*W boson electromagnetic moments, radiation zeros and composite models*", Department of Physics, University of Pennsylvania, January 1983.
8. "*The principle of equivalence at finite temperature*", Department of Physics, Northeastern University, August 1984.
9. "*The principle of equivalence at finite temperature*", Department of Physics, Indiana University, November 1984.
10. "*The principle of equivalence at finite temperature*", Department of Physics, Wisconsin-Madison, February 1984.
11. "*The principle of equivalence at finite temperature*", Theoretical Physics Group, Argonne National Laboratory, February 1984.
12. "*Aristotle was right: heavier things do fall faster (if they're hot) or The principle of Equivalence at finite temperature*", Department of Physics, Vanderbilt University, February 1985.
13. "*Supersymmetric particle physics*", Department of Physics, State University of New York at Buffalo, October 1985.
14. "*Supersymmetry and cosmic ray physics*", Department of Physics, Penn State University, November 1985.
15. "*Supersymmetry and cosmic ray physics*", Department of Physics, University of Miami, November 1985.
16. "*Why the universe might be supersymmetric*", Department of Physics, Notre Dame University, February 1986.

17. "*Why the universe might be supersymmetric*", Department of Physics, University of Massachusetts, Amherst, May 1986.

18. "*Searching for exotic physics in toponium decays*", CERN, Geneva, Switzerland, February 1987.

19. "*Exotic quarks in E_6 theories*", 11th International Workshop on Weak Interactions, St. Johns College, Santa Fe, June 1987.

20. "*Phenomenology of superstring-inspired E_6 models*", Department of Physics, University of Montreal, March 1988.

21. "*Axigluons and all that*", Department of Physics, University of Toronto, April 1988.

22. "*Axigluons and all that*", Department of Physics, University of Guelph, April 1988.

23. "*Axigluons and quarkonia*", 1988 Meeting of the Division of Particles and Fields of the American Physical Society, University of Connecticut, Storrs, August 1988.

24. "*New physics from toponium (and related topics)*", Department of Physics, University of Wisconsin-Madison, February 1989.

25. "*Flavor-changing decays of toponium and single b' production*", 2nd International Symposium on the 4th Family of Quarks and Leptons, UCLA, 1989.

26. "*Heavy quarkonium production at colliders as a test of the gluon content of the proton and photon*", Department of Physics, Drexel University, March 1990.

27. "*Spin physics at RHIC"*, Department of Physics, Stockholm University, November 1990.

28. "*Spin physics at RHIC*", Department of Physics, Uppsala University, November 1990.

29. "*Spin physics at RHIC*", HEP Theory Group, Brookhaven National Laboratory, November 1990.

30. "*Spin and polarized proton-proton collisions at RHIC*", invited talk at PF91, joint meeting of the Division of Particles and Fields of the American Physical Society and the Division of Particles of the Canadian Association of Physics, Vancouver, British Columbia, Canada, August 1991.

31. "*Towards a program of polarized proton-proton collisions at RHIC*", HEP Division, Argonne National Laboratory, November 1991.

32. "*Towards a program of polarized proton-proton collisions at RHIC*", Department of Physics, University of Wisconsin-Madison, November 1991.

33. "*Towards a program of polarized proton-proton collisions at RHIC*", Department of Physics, Carnegie-Mellon University, February 1992.

34. "*Towards a program of polarized proton-proton collisions at RHIC*", Department of Physics, McGill University, November 1992.

35. "*Prospects for spin physics at RHIC*", HEP experimental group, University of Chicago, October 1994.

36. "*Prospects for spin physics at RHIC*", Department of Physics, University of Illinois at Chicago, November 1994.

37. "*Prospects for spin physics at RHIC*", invited talk at XVII International Kazimierz Meeting on Particle Physics, Iowa State University, May 1995.

38. "*Prospects for spin physics at RHIC*", HEP Division, Argonne National Laboratory, June 1995.

39. "*Visualizing the solutions to problems in quantum mechanics*", Department of Physics, Villanova University, October 1996.

40. "*Closing the low-mass axigluon window with top quark production data*", 1998 Madison Pheno-CTEQ meeting, University of Wisconsin Madison, April 1998.

41. "*Validation of the Quantum Mechanics Visualization Instrument*", AAPT (American Association of Physics Teachers) meeting, January 2000 (presented by E. Cataloglu).

42. "*Augmentation of students' visual understanding of selected topics in quantum mechanics*", AAPT (American Association of Physics Teachers) meeting, January 2000 (presented by F. Tasar).

43. "*Comparing classical and quantum probability distributions for an asymmetric infinite well*", AAPT (American Association of Physics Teachers) meeting, August 2000.

44. "*Development and tests of a quantum mechanics assessment instrument*", AAPT (American Association of Physics Teachers) meeting, August 2000.

45. "*Development of the Quantum Mechanics Visualization Instrument (QMVI)*", Summer 2001 Gordon Conference on Scientific Visualization, August 2001, Mount Holyoke College.

46. "*Periodic orbit theory analysis of simple variants of familiar two dimensional billiard systems*", invited talk at the meeting of the American Mathematical Society, Irvine, CA, November 2001.

47. "*Development and validation of an achievement test for quantum mechanics: The Quantum Mechanics Visualization Instrument (QMVI)*", by E. Cataloglu, R. W. Robinett, and V. Lunetta, 2002 Annual International Conference of the National Association for Research in Science Teaching (NARST) New Orleans , LA April 7-10, 2002. (Presented by E. Cataloglu.)

48. "*Testing the development of student conceptual and visualization understanding in quantum mechanics through the undergraduate career*", invited plenary talk at the Summer 2002 Gordon Conference on Physics Research and Education: Quantum Mechanics, June 2002, Mount Holyoke College.

49. "*Testing the development of student conceptual and visualization understanding in quantum mechanics through the undergraduate career*", invited talk at the April 2003 meeting of the American Physical Society, Philadelphia, PA.

50. "*Quantum wave packet revivals*, Winter 2004 AAPT meeting, Miami, Fl.

51. "*Assessment of student understanding in quantum mechanics informing the development of novel problems and visualization methods*", Seminar, Ohio State University, November 2004.

52. "*Time-dependent phenomena in quantum mechanics: Pedagogical examples modeling modern experimental realizations*", seminar at Indiana University of Pennsylvania, April 2006.

53. "*Time-dependent phenomena in quantum mechanics: Pedagogical examples modeling modern experimental realizations*", seminar at Davidson University, April 2006.

54. "*Quantum wave packet revivals*", Institute Laue Langevin Grenoble, France (May 2006).

55. "*Quantum mechanics in the undergraduate curriculum in the United States*", Invited plenary talk at the 3rd China University Physics Course Forum on "*Communication and Discussion: University Physics Curriculum Construction in China, America, and Russia*", Wuhan, China (Oct 2007).

56. "*Undergraduate computational physics at Penn State University - Research experiences and coursework*", invited talk at Joint APS/AAPT meeting, Washington DC (Feb 2010).

57. "*Less than perfect wavefunctions in momentum-space: How $\phi(p)$ senses disturbances in the force*", Invited talk at the 2010 UMass Phenomenology Workshop, UMass Amherst (October 2010).

58. "*A revised and improved junior 'careers' course for Physics majors*", contributed talk at Summer AAPT meeting, Portland OR (June 2013).

59. "*Sum rules in non-relativistic quantum mechanics: A pedagogical tutorial*", Invited talk at Foundations of Non-Linear Optics (FoNLO) 2016, Tufts University (August 2016).

60. "*Quantum Mechanics Just Over the Horizon: Classroom Exercises Inform (New-ish) Classic Experiments*", Colloquium, West Virginia University, Sept. 2016.

Other talks

1. '*Jon the Educator*', presentation at Rosner-Fest, retirement celebration for Prof. Jonathan Rosner, University of Chicago, Feb. 2011

Membership on Graduate Degree Candidates' Committees

Graduate Student Committees: Physics

1987-1990	– – –	Steven Alexander	Physics
1989-1991	– – –	Robert Brott	Physics
1988-1990	Ph. D.	Michael Doncheski	Physics
1989-1991	Ph. D.	Simon Durrant	Physics
1989-1991	Ph. D.	Seungjoon Hyun	Physics
1989-1992	Ph. D.	Sangpyo Kim	Physics
1990-1993	Ph. D.	Anna Majewska	Physics
1990-1993	Ph. D.	John Reid	Physics
1991-1994	Ph. D.	Randall Scalise	Physics
1990-1993	Ph. D.	Laura Weinkauf (**Advisor**)	Physics
1991-1993	Ph. D.	J. Wu	Physics
1991-1993	Ph .D.	Bin Chen	Physics
1994-1996	Ph. D.	John Josef	Physics
1997-1998	Ph. D.	Andreas Freund	Physics
1997-1999	Ph. D.	Vadim Guzey	Physics
2000-2001	Ph. D.	Nadiya Tkachuk	Physics
2001-2001	Ph. D.	Daniel Zhalov	Physics
2001-2002	Ph. D.	Seiji Takemae	Physics
2001-2002	M. Ed.	Douglas Tussey (**Advisor**)	Physics
2002-2004	Ph. D.	Fernando Sudarshan	Physics
2002-2005	Ph. D.	Chris van der Broeck	Physics
2003-2005	Ph. D.	Sasha Pavlyk	Physics
2003-2005	Ph. D.	Sean McReynolds	Physics
2002-2009	Ph. D.	Isaac Mognet	Physics
2003-2006	Ph. D.	Theodore Rogers	Physics
2001-2007	Ph. D.	Buddhika Atulugama	Physics
2007-2007	Ph. D.	Zia Li	Physics
2007-2008	Ph. D.	Orcan Ogetbil	Physics
2008-2008	Ph. D.	Corina Barbu	Physics
2007-2010	Ph. D.	Shivakumar Jolad	Physics
2010-2013	Ph. D.	David Simpson	Physics
2011	Ph. D.	Joseph Ochoa	Physics
2015	Ph. D.	Karan Govil	Physics

Graduate Student Committees: Other Departments

1989-1991	Ph. D.	M. Walker	Astronomy
1991-1994	M. A.	G. Saulnier	Astronomy
1987-1989	Ph. D.	P. Stine	Astronomy
1990-1992	Ph. D.	A. Antunes	Astronomy
1994-1997	Ph. D.	J. Macmillan	Astronomy
1995-1998	– – –	H. Papathanassiou	Astronomy
2001-2005	Ph. D.	Michele Stark	Astronomy
2003-2007	Ph. D.	Lijun Gou	Astronomy
2005-	Ph. D.	Brendan Miller	Astronomy
1999-2002	Ph. D.	E. Cataloglu (**Co-Advisor**)	Education
2006	M. S.	Jacob Smith	Electrical Engineering
2009-2010	Ph. D.	Julio Benavides	Aerospace Engineering

Teaching Duties

Semester	Course	Credits	Enrollment
Fall 1986	PHYS 406 (Nuclear and Particle Physics)	3	25
Spring 1987	PHYS 201H (Introductory Physics/Mechanics)	4	15
Fall 1987	PHYS 410 (Quantum Mechanics)	3	32
Spring 1988	PHYS 221 (Introductory Physics/Mechanics)	4	38

1994-1995	None (on sabbatical leave)
1995-1995	2 (Physics)
1996-1997	14 (Physics/Honors/double majors/minors)
1998-1999	24 (Physics/Honors/double majors/minors)
1999-2000	20 (Physics/Honors/double majors/minors)
2000-2001	20 (Physics/Honors/double majors/minors)
2001-2002	56 (Physics/Honors/double majors/minors)
2002-2003	83 (Physics/Honors/double majors/minors)
2003-2004	115 (Physics/Honors/double majors/minors)
2004-2005	140 (Physics/Honors/double majors/minors)
2005-2006	150 (Physics/Honors/double majors/minors)
2006-2007	150 (Physics/Honors/double majors/minors)
2007-2008	152 (Physics/Honors/double majors/minors)
2008-2009	153 (Physics/Honors/double majors/minors)
2009-2010	156 (Physics/Honors/double majors/minors)
2010-2011	161 (Physics/Honors/double majors/minors)
2011-2012	169 (Physics/Honors/double majors/minors)
2012-2013	175 (Physics/Honors/double majors/minors)
2013-2014	172 (Physics/Honors/double majors/minors)
2014-2015	171 (Physics/Honors/double majors/minors)
2015-2016	194 (Physics/Honors/double majors/minors)

Service to the University

Physics Department:

Associate Department Head	2003-
Director of Graduate Studies	2003-
Introductory Course Committee (member)	2000-
Assistant Department Head	1998-2003
Director of Undergraduate Studies	1998-
Undergraduate Program Committee (chair)	1995-
Society of Physics Students (SPS) advisor	2002-
Physics Department COOP liaison	1998-
Departmental Evaluation Committee (ex officio member)	2001-
Departmental P&T committee	2001-2002, 2008-2009
EPF Seminar organizer	1987-1990
Osmond Lab classroom renovation committee	1998-2000
Policy Committee	1987-1988
Awards Committee	1987-1988
Recruitment Committee	1988-1990
Graduate Admissions Committee	1989-1990
Teaching Committee (chair)	1991-1994
CES Promotion and Tenure Committee	1992-1993

Eberly College of Science (ECoS):

Undergraduate Education Advisory Committee (UEAC, Advisory Committee to ECoS Dean)	1996-
COOP Student of the Year Selection Committee	1999, 2001, 2003-2009, 2010-2014
