- Objective:** I am seeking a career in the field of Chemical Engineering, either designing or maintaining a facility. Whereas there is room for advancement to eventually become a leader or manager in the plant.
- Education:** Freshman Student at Pennsylvania State University, Class of 2015
B.S. Chemical Engineering, minor in Music Performance (cello)
Williamsport Area High School Class of 2011
Williamsport, Pennsylvania 17701
High School GPA: 3.8
- Experience:** Electronic Monitor Installer at Primus Technologies. Installed wrist strap monitors to ensure the safety of other factory workers.

Beer Vendor at Williamsport Crosscutters(minor league baseball team). Advertised and sold beer to ball park costumers, handled money, interacted with costumers and contributed to making the game a more enjoyable experience.

Landscaping for neighbors; mowing lawns, doing other yard work. I treat each yard my own and made it appealing to the eye.
- Activities:** Participant in 2011 All State Orchestra, Member of National Honor Society, member of Pine St. UMC youth group where I volunteered in my church and community.
- Honors:** Commencement Speaker at high school graduation, selected upon audition, there were approximately 400 students my graduating class.
- References:** Available upon request
