**Objective:** I am seeking an opportunity in the company for and internship. I plan to utilize my skills in math and problem solving to help the company in any way possible.

**Education:** The Pennsylvania State University  
B.S. in Aerospace Engineering  
Expected Graduation: May 2017

**Experience:**

- I personally have a great amount of experience with Computer Aided Drafting and Design. In high school, I had four years of classes using the AutoDesk version of CAD.
- Worked in teams to design a house with the AutoDesk Revit program.
- Worked for a land surveying company for four years.
