Objective

To obtain an internship in an engineering organization where I can apply the knowledge that I have accumulated through my education and experiences and act as an asset for that organization.

Education

Central High School

Fall 2010-Spring 2014

GPA: 4.02

The Pennsylvania State University, University Park, PA

Fall 2014-

Major: Chemical Engineering

GPA: 0.00 (First Semester Freshman)

Courses: Math 141 Honors, Chem 110 Honors, EDSGN 100, Econ 104, ChemE Seminar

Work Experience

Cancer Research Intern

Summer 2013

- Applied hands-on research to expand knowledge with mechanisms and techniques in combating cancer at the Fox Chase Cancer Center
- Conducted an independent research project that tested the difference between DNA damaging agents on Fruit Flies' DNA.

Volunteer in the Radiology Department and Clinic

Summer 2011-Summer 2013

- Worked in the Radiological and Clinical Departments of the Fox Chase Cancer Center
- Helped facilitate the digitization of the hospital-wide patient file database.

Leadership Experiences

Blood Drive Coordinator

Fall 2013-Spring 2014

- Coordinated Blood Drive with Red Cross at Central High School, Philadelphia, to collect blood donations.
- With the efforts of Central High School's Blood Drive Committee, we have donated upwards of 600 pints of blood.

Junior and Senior Vice President of Graduating Class

Fall 2012-Spring 2014

- Vice President of the 273rd Graduating Class, which was 580 members strong.
- Assisted in the organization and execution of events such as the Junior and Senior Prom, Class Ski Trip, Class Graduation, Junior and Senior Picnic Trip, Senior Trip to New York City, and many fundraising efforts for a multitude of organizations such as the ALS foundation.

Vice President of Religious Organization

Fall 2008-Summer 2014

- Assisted spearheading religion related activities that both inspired the youth members of my church and strengthen the faith of the adults of my church.
