## SUMMARY

Full-time (Management Information Systems) student with freelancing web-design experience, manager of a detail garage along with a personal detailing business on the side. Excels at adapting to the latest technology while tailoring it to my own needs.

## HIGHLIGHTS

- Oracle Business Intelligence Training II
- Ability to type 100+ WPM
- Photoshop/Dreamweaver design
- Personal Detailing Business
- Built and upgraded my own desktop solely detailing business
- Computer languages Learned: CSS/HTML/C+/-

## ACHIEVEMENTS

- Took the initiative along with six other students and 4 professors in an online Oracle Business Intelligence II training course to learn how to create Data Analysis and Dashboards recently during my spring break of 2015.
- Last spring semester I was able to raise 50% over our target charitable donation goal to the Second Harvest Food Bank of NW PA through various hosted food events.
- Saved thousands of dollars out of pocket from my former boss by physically upgrading the hardware of his computers, specifically ram and gpu in his older computers.

## EXPERIENCE

Detail Department Manager/Lot Attendant , Apr 2015 to Jul 2015

**Bowser Cadillac — Canonsburg, PA**

Keeping a spotless lot and clean cars, checking in the cars VIN off the truck, removing the wrapped new interior plastics, prepping and driving all vehicles plus a driver to people getting work on their car.

Detailer / IT Assistant, May 2012 to Jun 2014

**Tim's Car Wash — Canonsburg, PA**

First auto-related job, learned the basics on how to fully detail a car and run a carwash. Was a personal IT assistant for small-business owner, eventually was hired to work on his websites.

## **EDUCATION**
