| • Writer's Club. (2007 – 2009) | • Engineering Competition. (2005) |

## WORK EXPERIENCE

2008-2009	JEVS Supports For Independence
<i>Personal Care Assistant for the Disabled</i>	Philadelphia, PA
Caregiver for the disabled. Assistance with movement, functions such as sitting, walking and standing. Because my client suffered from frequent absence seizures, he needed to be in constant care while sitting or standing.	

2009	ACE Mentor Program of America
<i>Philadelphia Suburban Team Leader</i>	Philadelphia, PA
Architecture, construction, and engineering Mentor Program. The nationwide program is designed to educate potential high school engineering students and give them an exposure to a real life working environment. My team was tasked to design an eco-friendly house. I led the design team for the third floor of the house. Blueprints for the house were drawn using computer programs such as Revit, constructions costs were calculated and the final design was presented in Philadelphia during the yearly ACE Program conference in May, 2009.	

2006, 2007	Thomas Jefferson University Hospital
<i>Laboratory Assistant</i>	Philadelphia, PA
Worked over three hundred and eighty hours as Laboratory technician in the Department of Emergency Medicine. Prepared samples for researchers and cataloged chemicals used at the laboratory.	
• Received Outstanding Volunteer Service in 2006 and 2007
