

About Me:

Hi my name is Conor Boston and I'm an 18 year old freshman studying Aerospace Engineering at Penn State University. I am from Broomall, Pennsylvania and I graduated from Cardinal O'Hara High School. I chose to study aerospace engineering because I love to solve problems and create new things. Rockets, planes and especially the Hyperloop fascinate me! Personally, I enjoy playing video games, watching Netflix, and playing sports. I am also currently involved with THON, the Penn State Dance marathon for childhood cancer. My favorite quote is "Do or do not, there is no try"-Yoda.
