Objective:

Obtain a 2012 summer internship experience in mechanical/industrial engineering.

Education

Bachelor of Science in Mechanical/Industrial Engineering
The Pennsylvania State University, University Park, PA Expected Graduation 2015
Relevant Courses Cumulative GPA: Undetermined

Introduction to Engineering Design
Calculus with Analytic Geometry
Chemical Principles I

Holy Cross High School, Delran, NJ Graduated June 2011
Relevant Courses Cumulative GPA: 3.96

AP Calculus (AB)
AP Chemistry
Honors Physics

Experience

Bridge Design Project

- Supervised 2 other students in initial design of virtual bridge for Engineering Design class project.
- Constructed a 30 inch bridge using popsicle sticks and Elmer's glue that supported 40 pounds and weighed 335 grams.

Volunteer Work

- Assisted in renovation of elementary school's bathrooms, painting of hallways, and miscellaneous projects to get the school ready for the academic year.
- Participated in multiple natural park clean-ups in county.
- Involved in Knights of Columbus and Boy Scout food drives for St. Vincent DePaul.

People to People: Student Ambassador Program Summer 2007

- Gained international experience on 3 week trip to Australia with 40 other students of my age.

Boy Scouts 2005-2007

- Participated in Boy Scouts for 3 years and earned the rank of First Class.
- Involved in other scout's Eagle Scout project, service projects, and fundraisers.
- Delegated a patrol of 5 other scouts within troop during weekly meetings and monthly camping trips.
