OBJECTIVE

Dedicated, organized, and responsible individual highly motivated to meet personal and professional goals coupled with the ability to quickly learn new concepts and tasks with proven results. Full-time college student which is allowing me to better understand the Civil Engineering Field where I am becoming knowledgeable in the fundamental concepts of engineering and science as well as creating an intellectual curiosity in order to provide for a successful career and life-long learning. Also serve as a productive member of society and the profession by recognizing social, ethical, and environmental implications of engineering decisions.
