

Changguang Dong

Contact Information	013 McAllister Building, University Park, PA, 16802 Email: cud159@psu.edu
Research Interests	Dynamical systems, ergodic theory, group actions and rigidity, spectral theory
Education	The Pennsylvania State University PhD in Mathematics August 2012 – present Advisor: Anatole Katok Nankai University BS in Mathematics Sep. 2008 – July 2012
Talks	Working Seminar at Penn State, Sep. 2014 <i>Metric theory of IETs, after Veech</i> Workshop on dynamical systems and related topics, University of Maryland, April 2014 <i>Slow entropy for abelian actions</i> Working Seminar at Penn State, March 2014, <i>Slow entropy for abelian actions</i>
Conference and summer school	Semi-Annual Workshop on dynamical systems and related topics, The Pennsylvania State University, Oct. 2014 Summer school on dynamical systems, University of Maryland, August 2014 Houston Summer School on Dynamical Systems, Houston University, May 2014 Workshop on dynamical systems and related topics, University of Maryland, April 2014 Semi-Annual Workshop on dynamical systems and related topics, The Pennsylvania State University, Oct. 2013 Rice Dynamics Meetings: Dynamics of Group Action, Rice University, May 2013 Workshop on dynamical systems and related topics, University of Maryland, April 2013 Semi-Annual Workshop on dynamical systems and related topics, The Pennsylvania State University, Oct. 2012
