Email Policy: Always include "Math 022-Section 017" in the title. You can expect a response within 24 hours on business days.

Textbook: MyMathLab Student Access Code for Trigsted: Algebra and Trigonometry 2/e. Available online. The cost at the bookstore will be slightly more. If you buy at the bookstore on campus, ask for the access code at the check-out register. If you cannot afford an access code at the start of the semester, you have the option of obtaining temporary access for a trial period.

Angel & Course Website: PSU’s Angel service will be used extensively to give grades, post homework assignments and projects, and communicate. Make sure that you check it periodically for announcements. Course materials will be available on ANGEL https://cms.psu.edu. Our course website is http://www.math.psu.edu/ug/courses/math022

Attendance: Regular attendance is expected and participation is encouraged.

Homework & Quiz: Homework is assigned on the MyMathLab website. Please log in for a list of the homework assignments and due dates. A MyMathLab account is required in order to complete the homework. Homework will contain regular homework and study plans, for more information, please refer to the MyMathLab. No late work will be accepted. Quizzes will be in the Angel or MyMathLab during the lab section.

Academic Integrity: All Penn State Policies regarding ethics and honorable behavior apply to this course.  http://www.psu.edu/ufs/policies/

Students with disabilities: Penn State welcomes students with disabilities into the University’s educational programs. Every Penn State campus has an office for students with disabilities. The Office for Disability Services (ODS) web site provides contact information for every Penn State campus: http://equity.psu.edu/ods/dcl. For further information, please visit the Office for Disability Services web site: http://equity.psu.edu/ods .

Grading Policy: Grading policy will follow the course syllabus policy.

For information about the course description, prerequisites, exams, conflict exams and more information about the homework, please refer to the course syllabus in the course website: http://www.math.psu.edu/ug/courses/math022
