

**EVAN BEDEL**

# HOMETOWN AND EDUCATION

I was born and grew up about 30 minutes north of Pittsburgh in Gibsonia

I attended Pine-Richland High School

At Pine-Richland I took a couple CAD classes and a technical drawing class

# INTENDED MAJOR

I intend to study Mechanical Engineering

This major interests me because it focuses on engineering how things work

Mechanical engineering is also a more general engineering degree

It also applies well to my career that I would like to pursue

# FUTURE GOALS

I hope to graduate from Penn State in 2016 with at least one internship in engineering

I would like to work for a car company as an automotive engineer

I would also be happy with any mechanical engineering job

# HOBBIES

Frisbee Golf

Work on car audio systems

Workout

Listen to music
