Objective My objective is to build a relevant skill set to the engineering field and to gain valuable experience that can be used in future employment.

Education	The Pennsylvania State University	University Park, Pa
	B.S. in Mechanical Engineering	
	Minor in Management systems	expected may 2016
	Cumulative GPA xxx/4.00	

Experience

- Wendy's international april 2010-august 2012
- Jetworks prototyping team august 2011-may2012
Jetworks was a team created by Wilson high school to simulate a real life project with real life constraints. Those constraints included an actual budget of 400 dollars and a deadline for a working prototype. The end result was a functional aqua jet propelled watercraft.
- Entech engineering outpost august 2010-december 2010
This engineering outpost was hosted by entech engineering firm. The purpose was to introduce engineers of different disciplines to prospective engineers.

Skills

- Customer service (Wendy's international)
- Time management (Jetworks prototyping team)
- Budgeting (Jetworks)
- CAD software use (Jetworks)

Honors

- Boy Scouts of America Eagle Scout
- Wilson high school top 10% academic award
- Wilson Music Boosters Jazz Award

Activities

- Penn State Marching Blue Band
- Penn State Thon

- Wilson high school marching, concert and jazz band
- Wilson Improv comedy troupe
