

# Justin McCarthy

EDGSN 100.7

# Home

- I am originally from Wilkes-Barre, PA.
  - It is in the northeastern part of the state.
- My family owns a tavern in Wilkes-Barre, so I have learned various things about the business.

# High School

- I attended high school at G.A.R. Memorial High School.
  - I was Junior Class President and graduated as salutatorian of the class of 2012.
  - Also, I played on the soccer team from ninth to twelve grade years and track for my ninth and twelve grade years.

# College

- I am going to Penn State University at University Park and will graduate with the class of 2016.
- I am majoring in chemical engineering.
  - I choose this as my major because I have always been able to excel mathematics and chemistry.
  - I choose Penn State because it is close to home but still away on my own.

# Future Plans

- I plan on receiving at least a master's degree in chemical engineering.
- I plan on working as a petroleum engineer, where I would create and test new fuels that our world desperately needs.

# Hobbies

- I enjoy playing billiards (pool). I usually play at least twice a week.
- I play a lot of video games such as Super Mario.
- I play soccer, basketball, and volleyball.
  - I play soccer all year round, where my dome (indoor) soccer team was held many first and second place rankings and championships.
  - I played in many basketball tournaments as well as some volleyball tournaments.
