Instructor: John Harlim
Office: 214 McAllister
Phone: 814-863-9024
Email: jharlim@psu.edu
Office hours: Tuesday 10-12 PM

Time and Place: MWF 1.25-2.15, 322 Sackett
Prerequisites: MATH 230 or MATH 231.
Topics: Review of calculus, properties of real numbers, infinite series, uniform convergence, power series.
Students who have passed Math 403 may not schedule this course.

Homeworks: Homework problems will be assigned incrementally in every lecture and they will be collected on the following friday. I will also post the HW set and due date at http://www.personal.psu.edu/jzh13/courses/hw401.pdf
The last homework will be collected on wednesday during the last week of class since I would like to return the graded work on the last day of the class. Late submissions will not be accepted under any circumstances. There will be a total of 12 homework sets and the two lowest grades will be dropped.

Exams: There are two in-class exams: Feb 14th and March 31th. All exams are done individually and you must bring your University ID card to all exams. It is my understanding that your signature on a test means that you neither have nor received unauthorized aid.

Missed Exams: I will only provide a maximum of one makeup exam for each student with a medical excuse or prior to my approval. The makeup test will be fair but comprehensive and challenging. Tests missed with certified medical excuses or prior to instructor approval will be dealt with individually. Note: If you show up to take the test, you must take the grade. You cannot decide midway through to walk out and take the makeup exam.

Final Exam: A comprehensive final exam will be given during the week of May 5-9, 2014. You must bring your University ID card to all exams. The final exam may be scheduled on any day during the final exam period. DO NOT LEAVE University Park before May 10, 2014. Students may access their final exam schedule through their elion account. Notice of conflicts is given on that final exam schedule. There are 2 types of conflict: direct and overload. Direct conflicts are 2 exams scheduled at the same time. Overload conflicts are 3 or more exams scheduled within 15 hours. For either conflict case, students may request a conflict final by filing through elion in the given time window. Conflict finals cannot be scheduled through your instructor. No Make-up Finals are offered.

Grades: Homeworks (30%), two in-class exams (40%), and final (30%). Your total will be translated into a grade as follows: A: 90-100%, A-: 87-89%, B+: 84-86%, B: 80-83%, B-: 77-79%, C+: 74-76%, C: 70-73%, D: 60-69%, and F: 0-59%. There will be NO extra credit work.

Academic Integrities: All Penn State Policies apply to this course, including Academic Integrity. See the following website for these policies. http://www.psu.edu/ufs/policies/ and http://www.science.psu.edu/academic/Integrity/index.html

Students with Dissabilities: Penn State welcomes students with disabilities into the University’s educational programs. If you have a disability-related need for modifications or reasonable accommodations in this course, contact the Office for Disability Services, ODS is located in room 116 Boucke Building, For further information regarding ODS, please visit their website at http://www.equity.psu.edu/ods/
