

View 1 shows the exterior design features of the mansion from the front entrance. The world's first and designed to impress, the 40 feet-high bulletproof and weatherproof glass wall and glass dome is the cardinal signature of the house, portraying wealth and status as well as an essence of transparency of the owner. The free-standing glass structure ensures clear uninterrupted views of the greenery and scenery around the mansion. The mansion boasts a systematic designated parking area for private aircrafts as well as, an active runway just beside it. As a token of appreciation to our most distinguished clients, the Rarz Co.™ is including a RT 700SR™ our signature 4 passenger helicopter, as a gift that comes with this acquire of the mansion.

View 2 shows the backside exterior view of the mansion from a bird's eye view. The mansion features a revolutionary natural spring water pool and Jacuzzi which eliminates the usage of chlorine in maintenance; providing a cleaner and safer pool for family and kids. It also features a clear coated bulletproof glass deck surrounding the 5 meter deep pool, perfect for parties, relaxing after a long day at work and closing deals with clients and business partners overlooking the breathtaking scenery around the mansion. The sink-proof driveways are specially designed from Malaysia to cater for expensive low clearance vehicles and spaces are readily allocated for guest parking with our new-IVP™ (Invisible Voice Parking) system.

View 3 shows the first floor of the mansion. Spacious and futuristic, the 2 rooms adjacent to each other are ergonomically designed to create an atmosphere of peace and tranquility; essential to every high-roller. The master bedroom features our specially designed Anti-Gravity Space Mattress™ (ASM) as well as a self-cleaning Gregorian-style bathroom designed by our very own world class engineers. Fully furnished, the living room boasts our 105' X-2 LED TV with our Hybrid 16.1 Audio Surround System™ (HASS) designed especially for the X-2 mansion's living room. The mansion also features the world's first retractable spiral staircase which can retract itself to boost spaciousness of the mansion.

View 4 features the second floor of the mansion. The swimming pool and Jacuzzi can be accessed through the second floor through our Automated Anti-Lock Sliding Door™ (AASLID). The second floor also boasts a complementary laid back leisure studio equipped with our limited edition X-75S News Camera by our very own Truth Absolute™ Division in Rarz Co.™. There is also a full 8 person dining table designed specially for this mansion embodying modern and futuristic architecture as well as, a taste of the company's heritage and down-to-earth humble beginnings.
