

Instructions for Plotting Villa Savoye Drawings

- Sit in the very back row of 307 Sackett
- Download Edited Drawings named “Villa Savoye Print”

- Open “Villa Savoye Print” in Bluebeam
- Click File then “Print”
- Change the Printer to \\ae-print.coeaccess.psu.edu\plot307x
- Change the printing range to 1-7.
 - On the file there are 8 pages, page 8 is the stair detail, which I did not print but still included in case it would be needed later.
- Change Paper size to 17x22
- Change the print scale from “Fit to Page” to “Custom” and set the scale to 75%
