SUMMARY

Enthusiastic technical student with a wide range of software and hardware knowledge and a relentless work ethic.

QUALIFICATIONS

- Programming expertise in C++ and Java
 - Practicing C++ since freshman year in high school and learned the rest through trial and error. Capable of learning and adapting to API's and frameworks quickly.
- Over 5 years' experience assembling and maintaining PCs
 - In addition to my formal experience, throughout highschool I did some IT help for friends and family, I would have to troubleshoot issues by disabling and enabling hardware, looking at their routers, and sometimes replacing parts to see the effect.
- Finalist in the Times Leader Best and Brightest competition in Computers & Technology
- Awarded technology prize at Graduation

WORK EXPERIENCE

- Residential Computation - Technician; April 2012 - Present
 - I work with a small team to provide technical support to all students living on-campus. This involves identifying and repairing issues on user's computers, explaining complex problems to freshman, collaborating with other departments to troubleshoot network issues and working with the user on service calls.
- Waring Dining Commons - Culinary Assistant; August 2011- February 2012
 - On a daily basis, I prepared foods and met the demands of customers and superiors. I would usually manage production or maintain equipment until we received a rush of customers and simply produced food.

EDUCATION

2011 - present

Penn State Division of Undergraduate Studies, State College, PA.

--

2007- 2011

Wyoming Seminary College Preparatory School, Kingston, PA. Graduated *cum laude*.
