Pennsylvania State Police Honors Cadet Program
Centre County Athlete of the Week

Activities
Lab Experience at Penn State
Member, Cross-Country, Basketball, Volleyball teams

Outside Interests
Outside of my academics, I have been very interested in cars. I rebuilt the engine in my Monte Carlo and replaced that and the transmission. I helped my brother remove his engine in his Camaro to replace the whole exhaust. Another interest I have is running. I ran cross-country in high school and have been running as long as I can remember. I ran the Pittsburgh Half Marathon my junior year of high school, and plan to run the full marathon in the spring of 2016.
