Background
Expectations are everything, it’s always our honor to satisfy our customers to their maximum needs. To insure accurate measurements, a program will be used to view the lengths in 3D and will be shown to the customer. Furthermore, the cost will be calculated in terms of efficiency and benefits.

Design Concept
The company respects customer’s opinions, but first we show the most efficient colors and textures of the house, and give our various options of house types and themes. For Project Number 3762, we used different kinds of textures to insure a good amount of different patterns.

The house is located in 300 Waupelani Dr, State College, PA. Due to the free space and pleasant surroundings.

Components of the Project
Beds, Toilet, Sink, Dining Table, Couches, TV, Clock, BBQ Area, Kitchen, Tennis Court, Swimming Pool, Doors, Windows, Dressers, Trees, Cars, Driveway.
