SUMMARY

I am from China, currently a sophomore in Pennsylvania State College, majored in electrical engineering. I have great interest in electronic devices. Therefore, I am looking to be an electronic engineer.

EXPERIENCE

Senior, Charles Wright Academy

Tacoma, Washington — 2012

For my senior internship in high school, I and my team made a power generator which uses the temperature difference between night and day to generate power. I was in charge of the power storing circuit.

EDUCATION

2009/6-2010/8 Guiyang NO.1 High School

2010/8-2012/6 Charles Wright Academy

2012/8-now Pennsylvania State University

SKILLS

- Basic circuit analyzing and construction
