

## HOMEWORK 11

MATH 243

14.1.38

14.2.41

14.3.74

For parts (c) through (e), note that, in the picture, some of the level curves are closer together and some of the level curves are further apart. From this information, you can determine where  $f_x$  and  $f_y$  are larger and where they are smaller.
