Faculty Satisfaction Survey
General Purpose Classrooms
Fall 2011

We sent 1916 invitations to participate and received responses.

We asked if participants would use lecture capture if it was available; we received 452 responses:

- Yes: 28%
- Unsure: 34%
- No: 37%

Of our survey's respondents, 32% said they'd had minor complaints with their room:

- How is the classroom's noise level? 85% acceptable, 10% unacceptable (from outside the room), 5% unacceptable (from within the room)
- How easy is it to locate your classroom? 90% good
- How is your classroom's physical appearance? 95% good
- How is your classroom's cleanliness? 70% better than good, 30% good
- How conducive to learning is the student seating? 61% better than good, 33% good, 5% acceptable
- How is your classroom's lighting sufficient? 20% unacceptable (from outside the room), 31% unacceptable (from within the room)
- Is your classroom's physical appearance? 34% good
- Is your classroom's cleanliness? 58% better than good, 30% good, 9% acceptable
- How is your classroom's noise level? 85% acceptable, 10% unacceptable (from outside the room), 5% unacceptable (from within the room)
- How is your classroom's light level? 65% good, 33% better than good, 2% unacceptable (from outside the room), 5% unacceptable (from within the room)
- Is your classroom's lighting sufficient? 20% unacceptable (from outside the room), 30% unacceptable (from within the room)
